OBITUARY

From the President's Desk

Yet another year of glory has passed and yet again we reaffirm our faith in **UNITY** and revive our pledge of "meaningful education for all" in a healthy and productive environment. Before I proceed any further in highlighting the philosophy of our crusade against illiteracy and our steady success in reaching out to all socio-economic and religious strata of our pluralist society, it will be only fair to first acknowledge the efforts of our parents, teachers and support staff in achieving exemplary results this year. I shall not boast by throwing figures and percentage of success of our students in various internal as well as Board examinations. Our students' success is a reflection of the dynamics of our movement to take education to every home and every corner of our great nation cutting across social, religious and regional barriers.

I join you all in celebrating yet another year of success where we send our successful students out in the world of professional competitiveness armed with quality education, pragmatic dreams and faith in unity of mankind. Yes! We wish that they succeed and shine in their chosen fields but we will be keener to see them as model citizens who will carry forward the movement of unity and education.

Dr. S. Kalbe Sadiq

I take this opportunity to congratulate our students, their parents, teachers and support staff for their unprecedented success in examinations as well as in our mission. I would also like to thank all for believing and trusting our dream.

May Allah bless you all.

From the Secretary's Desk

I take this opportunity to congratulate the Unity Family for their tireless and committed contribution in all their endeavours including production of this issue of our College Magazine. The Magazine show cases the quality of education being imparted and talent being nurtured at our College. With all the applauses and laurels earned we still feel short of bringing a meaningful positive change in our teaching learning process.

Respected Nelson Mandela has rightly said that *education is the most powerful weapon to change the world*. This weapon shall bring about the desired change only if it is used effectively and efficiently in our schools to train young minds to think intensively with a critical eye and innovative mind. This development process shall not be possible without selfless hard work of our teachers supported by firm parental cooperation as to ensure that children don't just adopt an easy short cut method of "copy paste" when it comes to working on assignments, projects or writing for the College Magazine.

Our teachers should continue to provide our students opportunities that nurture their innovative thinking and creativity. Passion to give students more freedom and conducive environment to experiment with different fields shall make Unity College an institution of its own kind that shall be instrumental in bringing about the desired positive change in the world through quality education.

Najmul Hasan Rizvi

Let both parents and teachers team up passionately together to inspire, motivate and guide our students from Lower Nursery onwards towards creativity, innovation and excellence. Their efforts towards creativity and passion shall get all the support from the College management.

My prayers and best wishes are with the respected Principal, staff members, parents and dear students that we all may remain delighted to see the young minds bloom with creativity.

From the Joint Secretary's Desk

Dr. M. Talha

Every year when I look at our College magazine, it gives me utmost pleasure as the present magazine is always better than its previous year. This trend is continuing for years. I wish and hope that the present magazine shall be better than the previous years not only in looks but also in editorial content. Our editorial team, language teachers and students do a lot of hard work to make the magazine a complete document. They deserve to be congratulated for their sincerity, hard work and dedication.

May God bless you all.

From the Principal's Desk

Growth towards excellence can be attained through proper education. We must have focus on creating a big picture in students' minds. Young minds need proper guidance and motivation. You cannot get motivation unless you have clear visions and goals. The youth are talented. Despite being talented they are directionless and puzzled. There is a lack of clear vision and specific goals which leads to confusion. Students must be encouraged to focus on personal development activities which are a part of education.

To improve the value of education, discipline needs to be maintained. It is the value of values. Without a disciplined mindset you cannot achieve excellence. Another value to learning is sincerity, how sincere you are in your work decides how successful you can become in the future.

A student psychology gets moulded when it is influenced by the values that can shape his/her character towards achieving his/her goal. A good environment must be set up to do good activities along with their studies to enhance their personal excellence.

Good education is about educating your mind and inner self to understand and multi task efficiently. Good education is the greatest value and contribution to the society; those people are great assets who have selfless contribution in building people and the society.

Unity College is striving towards excellence in education with the greatest contribution by the College

Francis Castelino

President Dr. S. Kalbe Sadiq, Secretary Mr. Najmul Hasan Rizvi, Joint Secretary Dr. M. Talha, with their selfless and untiring devotion towards education. The great role of the teaching and the non teaching staff with their spirit of dedication has made Unity College grow higher and higher. We deliver good values to people in many different ways to make the whole world successful and peaceful.

From the Counsellor's Desk

"The greatest truth must be recognition that in every man, in every child is the potential for greatness".

In keeping to this truism, Unity College has adopted extensive student counselling programs as an integral component of its scholastic mission. They are regularly conducted as well as organized to address students' problems, to promote their latent talents, and to invite parents' co-operation. The sessions are comprehensive in scope, preventive in design and developmental in nature. This facility is open for all the grades, even ex-students also approach for guidance

The College Counselling team is working with the students and for the students with an aim at better grades, right career choice and behavioural issues in and among students, besides the holistic development of each child. We believe in every child nesting a potential to be an achiever.

To begin with this noble mission, we help students to deal with academic weaknesses, behavioural or emotional problems, inter-personal issues ensuring each one becomes a constructive, composed man of consequence in the days to come.

From time to time, awareness workshops and motivational lectures by successful personalities and experts are arranged to channelize their perspectives into the positive realms of productivity. Extramarks Career Counselling along with In-House Sessions by Secretary Mr. Najmul Hasan Rizvi, Joint Secretary Dr. M. Talha, Principal Mr. Francis Castelino and

Nisar Fatima

myself are organized to abreast the aspirants with various career paths and to assist them choose a stream and career that goes at par with their interest, aptitude and personality.

In addition, we conduct Parents Orientations for parental guidance and tips to help students at home and to understand their dynamic perception, thereby, we create a liason between the parent, teacher and counsellor for an all-round development of the child.

We, at Unity College, reach out to every child for positivity in approach, perseverance in efforts and excellence in pursuits.

From the Editor's Desk

If your world looks gloomy
and you are feeling grin and glum,
Make a rainbow for yourself,
Don't wait for one to come,
Don't sit watching at the window
for the clouds to part
There'll soon be a rainbow
if you start one in your heart.

We are really proud and elated to announce that we are ready with all new hopes and hues to bring out the next issue of the College Annual Magazine, which will surely unfold the most exciting pages of the year gone. We had many ups and downs and faced many challenges but nothing could dissuade us from overcoming all the hindrances with a firm resolve, determination and conviction to reach new milestones in our journey.

Education is central to the development of a community. Education helps recreate knowledge, skills and values that are fundamental to the development of the mind, body and soul of a child. "The best way to predict your future is to create it", said Abraham Lincoln. It is thus our goal to use this platform to fulfil our commitment to implement ways to channelize the talents and energy of our students and teachers to use their creativity and build the future.

Putting a magazine together was no cake walk. I along with my Editorial Team members have spent sleepless nights to make this magazine stand out. This magazine exhibits the literary skills and innovative ideas of teachers and students. I would like to thank all my Editorial Team

Kainaat Mansoor

members for helping me accomplish our goal. I also express my appreciation and gratitude to the College Management, Teachers and all students for helping us put things together for this magazine.

Happy reading.....

IQBAL HOUSE

“Strength does not come from what you can do, it comes from overcoming the things you once thought you couldn't.”

Yellow colour is symbolic of hope and happiness. We, the members of Iqbal House were full of zeal and enthusiasm. The session started with the Investiture Ceremony of the new officebearers in the month of July. The moment we took the oath, we promised ourselves to keep the flag of Iqbal House flying high under the guidance of Housemistress Ms. Sabika Fatima, Ms. Shadan Azmat and Housemaster Mr. Sunil Nigam

Iqbal House proved its mettle in almost all the activities performed in the College. It was a defining moment for Iqbal House when we won the Inter-House Senior Volleyball match (boys) and clinched the 2nd position in the Inter-House Basketball Competition (boys) and Art Competition. We have also secured the 1st position in Hindi and Urdu Poetry Competition.

At last all year round Iqbal House was seen giving a spirited performance, even though it had its share of victories and disappointments. Nevertheless, the disappointments did not demotivate us since we believe in the age old saying, “Failure is the stepping stone to success.”

The teachers and students of Iqbal House are now gearing up to face another year of tough competition.

SIR SYED HOUSE

The colour Blue is associated with the sky and the sea. It also symbolizes strength. Blue carries a message of hope. The House lived upto the meaning of the colour and touched the sky bringing laurels. It showed its mettle in a spectrum of activities organized by the College.

Although it couldn't secure the 1st spot in some of the activities due to which it missed the Champion's title by a whisker. But it is hopeful of winning the title in the coming academic session.

Putting its best foot forward the House won the trophy of the Inter-House Cricket Tournament (Seniors), G.K Quiz (Seniors & Juniors) and the English Debate (Seniors).

Not lagging behind too much in other events the House managed to get the 1st Runner Up trophy in the Kho-Kho Competition (Seniors), Volleyball and Football (Juniors), it also stood 2nd in the Wall Magazine Competition and Table-Tennis.

Despite giving its best the House bagged the 2nd Runner Up position in Table-Tennis, Hindi Debate and English Debate (Juniors).

As the saying goes, "You can't win unless you learn how to lose", and we learnt in the process as we stood 4th in the Basketball Competition, Art Competition, Urdu Function and the Second Wall Magazine.

These results were not very encouraging but nevertheless the House performed with all the vigour, zeal and enthusiasm and maintained the spirit of competition by showing true sportsmanship.

Sir Syed House pushing aside all the disappointments is gearing up for the next session and hopes to give tough competition to its rivals and has pledged to work harder and clinch the Champions' trophy next year.

We believe, "With time and patience the Mulberry leaf becomes a silk gown."

CREATIVE CORNER

MY FIRST CHOICE- FAMILY OR FRIENDS?

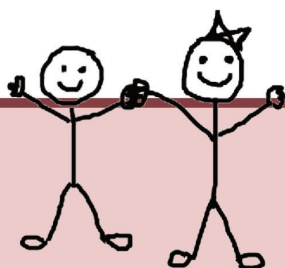

I think choosing family would be great because for me, my friends are not less than family and my family includes my friends also.

Family and friends are synonymous to love, joy, happiness and support. Therefore, a friend is equal to a family. Whenever I want to make a decision, my friends and family are always standing beside me. Whenever I achieve success, they are always there to praise me. Whenever I fail, they are always there to console and encourage me to keep working hard and to believe in myself. Whenever I am happy or sad, my friends and family are always there for me to support and guide me. Hence, my friends and family, both hold equal importance in my life. If I choose my family it will include my friends also and if I choose my friends, it will also include my family. My parents and my siblings are like my friends- they tease me, take care of me, make fun of me and I also share my problems and happiness with them. My friends also take care of me; they also support me and treat me like my parents. There are some people in this world who don't have a family but have friends. Some have a family but do not have friends. They are happy in both situations but feel incomplete. But the people who don't get any one of them feel lonely. Whether sad or happy, we should be thankful to God for whatever we have got.

With time and experience, I have learned to realize the importance of the blessings that I have in the face of my family and friends. I know the value of each one of them and need them at every step in my life because no matter who you choose, you will get the same love and care from each of them.

THE POWER OF OUR MAGNETS WITHIN

It's an old saying that "As you sow, so shall you reap." This has known to be quite true not only morally and in terms of 'Karma', but it also influences our thinking process and mindset. It's like a natural law that whatever we sow i.e. do or undertake, will be reaped or have a result. Throughout our life our brain is constantly working. Our mind and body are continuously indulged in thoughts, ideas or plans. These thoughts or plans are stored in our brains in the form of positive or negative energy which has a very strong power of attraction and can have a huge impact on our everyday doings.

If we just decide to face all the situations with a calm and soothing mind along with a positive attitude, our problems can naturally become easier to handle. A fruitful result can never be possible with negativity or pressure creeping and haunting our mind and soul, except for resulting in a bag full of discouragement, stress and helplessness. So, basically this negativity gives nothing beneficial except for worsening the problems and generating the ones that were not even there initially. We must remember that we really do not need to bind ourselves to one emotion. We must define ourselves only when we come to know about our purpose in life and get an idea about our scars and stars.

So, now the choice is ours to decide how to deal with this life. At the end, it is only upon us to decide whether we want to become a positive magnet in order to attract peace and calmness or a negative one haunting our thoughts of fear and disappointment.

DREAMS

Our dreams are never ending,
They are not few,
So stop wasting time anymore,
There is so much to do.
Don't sit behind with
Folded hands any more,
Multiple opportunities,
Knocking at your door
Get up, walk outside and
Start moving towards your goals.
Don't be scared even if your
Pocket is filled with holes.
Even if your dreams are never ending
And ideas are few,
You do have the capability
To make them come true.

WANT JUSTICE

Someone is knocking at the door of justice,
Why everyone is involved in evil practice?

Day by day, crimes are increasing,
Why everyone acts like they are freezing?

A girl is facing a bad world,
And no one has the courage to say a word.

People are just thinking about their families,
They are not aware of their future enemies.

Thinking for society is a job of all,
Unity on earth will make problems gone.

But no one wants to take a little pain,
That is why, being human, I feel the shame.

MY COUNTRY-INDIA

India is a land of joy, happiness and peace. It is a part of the largest continent Asia. It is famous for its peace, people and culture. It has many tourist attractions that are famous all over the world and attracts many tourists.

Many schemes have been started by the Indian Government like 'Beti Bachao, Beti Padhao Yojna', but an effective implementation of these schemes have failed to come into effect. If we want some change in our country, we should first protect the girls of the country from evil and only then will we be able to succeed in our lives and our nation will reach great heights of peace and harmony.

Secondly, the fight between people on the basis of religion should be curbed and all the citizens of the country should unite with each other. This is a major change that I would like to see in my country. It will make our nation the best among all. In addition, I also feel that there should be one tax on citizens.

But a change is possible only when we unite with each other because then there will be no fight or disparities between citizens. I hope the year, 2019 will bring joy, peace and happiness for our nation and also bring the changes that are the need of the hour. Moreover, our government should be honest and work for the welfare of the people.

A BOY WITH A GREAT MIND

Once a boy named Akull was going for a camping trip with his family during summer vacations. His mother, father and elder sister Mariona, all were excited for the trip and were planning to leave next morning. They all packed their bags and left for the trip.

Akull loved to play brain games and puzzles. He had a great mind with the ability to solve puzzles faster than any other boy of his age or elder than him.

They reached the mountain range where they decided to camp. Every night Mariona narrated a story to Akull, but after putting up their camp Mariona went to sleep because of fatigue. But his curiosity to explore the place did not let him sleep. It was 2 O' clock at night. He went out of the camp and started moving towards the jungle area. He saw beautiful insects. His interest increased and he continued walking. After sometime, he saw an old house with a glowing roof. He entered the house and saw an old man sitting on a chair talking to himself. He put his hand on the old man's shoulder and said, "Are you living alone in this house?" He replied, "Yes, boy." Akull's face got a drop of sweat slipping on his forehead. "Don't worry boy, sit and have a cup of tea," said the old man. After sometime, he saw Akull was staring at the roof. The old man asked, "What happened boy?" He said, "Why do these roofs glow?" The old man looked at the floor for a couple of minutes, then said, "You will know afterwards." Akull said he wanted to go to the washroom. The old man nodded and directed towards the way!

Akull opened the washroom's door. Suddenly, a big enormous man ran towards him and pounced on Akull. He quickly jumped aside to escape and rushed into a small room. There, he saw two children huddled in terror. They said, "Did you come from the old man? Have you told something or not?" Akull got bewildered. Children shouted, "Hurry up! Hurry up! The monster is about to break the door." All of a sudden, it struck Akull, when he was questioning about the roofs, the old man said that he would know afterwards. Akull sat down and rubbed the floor with soft hands. He figured out that it was a glass! He smashed the glass hard, the glass broke and he fell on the chair where he was sitting before going to the washroom.

Akull asked the old man "What was that?" The old man replied, "It was a mystery room. If you had not solved the mystery, you would have died." He told the boy, "Bravo! You are the first, who got out of it, and it is all because of your great presence of mind." Just then, a sound started vibrating in his ear, and it was increasing gradually. Someone was saying, "Wake up! Akull! You're getting late for school." He opened his eyes and realized that it was all a dream.

WHAT CHANGES I WOULD LIKE TO SEE IN MY COUNTRY

Today I am going to discuss about the problems in my country and their solutions. The first problem faced by us is traffic. Roads are blocked by the machines used for construction. Two wheelers & rickshaw pullers do not follow any traffic rules.

School children often get late. People going to office also face a lot of problems due to traffic. There should be traffic police at every crossing to avoid this problem. The roads should be well constructed so that people may not face problems.

The second problem faced by us is pollution. A lot of pollution can be seen and felt in the environment due to vehicles, factories and machines. People dump garbage on the roadside. People having shops of street food, fruits and vegetables throw garbage on the road. Hence, many diseases spread due to pollution. Our government should take necessary steps to avoid this problem. People should use CNG in their vehicles instead of using petrol and diesel. Factories should be located far from the residential areas and burning of coal in factories should be stopped.

The third change that I would like to see in my city is education and right to equality. Poor children do not get proper education. Instead of studying they do odd jobs to survive. They work in shops and hotels to earn money. This must be stopped because they have the right to proper education so that they can secure their future.

Proceeding to the next change, I would like to talk about farmers. They work very hard for their families. They are the ones who feed us through their hard work. But what do they get in return for this? They get nothing, which leads to many suicidal cases every year. There is not even proper supply of water and electricity in the villages. Farmers are not able to feed their families so their children also work in forced circumstances. If the farmers die, ultimately we are going to be at loss.

So, I would like to conclude by saying that we

should take a pledge to solve these problems. It's not only our government that is responsible for the well-being of our country, but we as citizens are also responsible.

We all should unite and work together for the betterment of India.

AN UNHAPPY CHILDHOOD

Not all children in India are lucky to enjoy their childhood. Many of them are forced to work under inhuman conditions where their miseries know no end. Though there are laws banning child labour, still children continue to be exploited as cheap labour. It is because the authorities are unable to implement the laws meant to protect children from being engaged as labourers. Unfortunately, the actual number of child labourers in India goes undetected. Children are forced to work in completely unregulated conditions without adequate food, proper wages, and rest. They are subjected to physical, mental and emotional abuse.

Factors such as poverty, lack of social security, the increasing gap between the rich and the poor have adversely affected children more than any other group. We have failed to provide universal education which results in children dropping out of schools and entering the labour force.

Due to high poverty and poor schooling opportunities, child labour is quite prevalent in India. We should pledge to save the innocent childhood of these forced child labourers who, by all means, deserve to lead a normal life.

LUCK

Many people claim that success comes only as a result of hard work, while others believe that it is mostly the product of good fortune. I believe that success is only achieved by people who are diligent, hard-working and perseverant.

Success is not the result of a single lucky strike, but is instead the cumulative result of a lot of hard work. Success happens over time and only after a series of correct decisions and small victories. A stroke of luck, in contrast, is generally perceived to be a onetime event. The experience of my uncle, a successful entrepreneur, is a compelling example of what I mean. His business started in a small way when he invested his savings to market a single product and hired his first employee. When his single product found success, my uncle compounded his success with a series of profitable mergers that increased the size of his company. His company later grew from a single employee to include a staff of dozens. While my uncle might have been lucky at one stage of his company's growth, the long term success of his firm cannot simply be the result of good fortune.

DROPS OF LIFE

Beauty Beauty, everywhere,
Happiness Happiness everywhere
Because water is here.

For planting everywhere,
For drinking anytime,
So, saving it must be there.

Never waste a drop of water,
Because every single drop makes a sea.

You should apprehend
about the days of no water,
When you won't even get
to see it.

So, don't waste water anytime,
To have water every time.

MY DREAM IS TO SERVE HUMANITY

My ambition is to become a doctor. I want to be a doctor because it is the noblest profession. It is my childhood dream. I can always associate with patients and treat them. To become a doctor, I have to dedicate a part of my life to this profession. It is a respected job and I want to see myself wearing a doctor's coat and handling the equipments. I hope my dream comes true. Call it what you may, everyone dreams of being someone or doing something different when they grow up. Some dream of becoming astronauts, rocket scientists, space explorers ... some dream of becoming clowns, or comedians. Still others wish to be lawyers, doctors, cricketers or superstars.

The sky as they say, is the limit to your dreams. But what's the fun if you keep it all to yourself? So why not put pen to paper, or finger to keyboard, and share with everyone what you dream of being, when you grow up.

LIFE WITHOUT TREES

Life without trees is like life without water. Pollution increases without trees and oxygen becomes scarce. Without oxygen, we would not be able to breathe. All animals would die. We would have to wear oxygen masks. There would be many diseases like Cancer, T.B. etc. We would all have to carry oxygen cylinders with us. The heat of the sun would become intolerant. The ice on the poles would melt and water in the rivers and oceans would wash away land and all life. There would be many natural calamities like floods and earthquakes. There would be no rain. Crops would die and life on earth would become impossible. Earth would become a barren desert.

Trees are very important for us because they give us oxygen, shade, fruits, wood and other useful things. Trees provide shelter to birds and many animals. Trees are our lifeline. Without trees life would become hell for us.

Therefore, let us stop cutting trees. Let us plant more trees and save our Mother Earth before it is too late. Planting trees should be every man's duty. If everyone swears to plant five trees, our planet will remain GREEN and ALIVE.

MY PARENTS- MY REAL GEMS

Our parents are the most precious gift from God to us. I am so thankful to Allah for gifting me with these two valuable gems, my Ammi and Abbu. I get all love and affection from my parents. Not a single wish of mine goes unfulfilled, when they come to know about it. My parents are my friends before being my guardians. They give me all the comforts and joys of life. My Ammi and Abbu believe in simple living and high thinking.

My Ammi takes care of me at home. Her first job in the morning is to wake me up on time for my morning prayers. After that she hurriedly prepares my breakfast and packs my tiffin for school. My Ammi makes sure that I do not leave the house without taking her blessings. My Abbu is the sweetest person on this earth. He takes care of all my demands. While dropping me to school on the way, he always buys some sweets for me. In the evening he helps me with my studies too. My parents do all the possible things to keep me happy. They believe in the development of personality through good habits and good character. I am thankful to Allah.

IMPORTANCE OF EDUCATION

Good education is necessary for all to achieve success in life. It develops confidence and helps building the personality of a person. School education plays a great role in everyone's life. The entire education system has been divided into three divisions i.e., the Primary, the Secondary and the Higher Secondary education. All the divisions of education have their own importance and benefits. Primary education prepares the base which helps throughout the life, Secondary education prepares the path for future study and Higher Secondary education prepares the ultimate path of the future. It is our education only that decides what type of a person we would become in the future.

THE HUMAN GLEAM

We are the gleam,
Struggling to light up our lives.
Sometimes clumsy,
But hope to succeed.
As the night begins,
We shine ...
We shine like a star,
Without fear of the dark.
And we all know that morning
Will come,
Which enlarges the strength.
And, we are the gleam
Which will never dim.

THE BLACK

As I stepped into my neighbour's house, I could not hold myself and muttered, "Oh no! why so gloomy?" Astonishingly, everything there was black in colour, even the walls, curtains, furniture and everything else. The boy who welcomed me warmly was also attired in black. But once, I got engaged in the friendly chat with my new friend, I forgot all the dark impressions around me. We were talking about our school, classmates and teachers. Soon, tea was served. Terrible! It was black in colour. I was shocked, but felt awkward to inquire about the tea on my first visit. Anyhow, I took a sip. It was as tasty as our normal tea. Day after day, our friendship became closer and deeper. Now I would visit him daily. One day, I gathered all my courage and asked, "Why is everything in your house black and dark?" He didn't say anything just burst into sobs and cried and immediately ran back to his home. Next day, I visited his mother and asked the same question. There was neither anger nor sorrow but she was very queer. I couldn't read. I mustered some courage to ask again, "Please tell me something. It's too strange." After a few minutes of silence, she told me that when she was a child, she was cursed by a witch for touching and eating her chocolates. They were black chocolates. So the witch damned her, "Curse be upon you! The food you cook and the place you live in will turn into black." Since then a black shadow had been overcasting her, her family and her home. With tears in her eyes, she recalled the time when they had newly shifted in my neighbourhood, the house was all colourful. But slowly and gradually, all the things were overcast by one single dark hue- The Black.

SCHOOL LIFE

We always hear that school life is the best life. My school life is also about memories that I deeply cherish. School gives us good education, joyful experiences and a carefree experience of life. It is an essential part of every human's life. We make lots of friends during our school tenure, play with them and each one helps to make life better. Everything about school life from uniforms to holidays, friends to teachers, homework to punishments and rewards, is an unforgettable experience for many. We cherish our school life because it never comes back. All of these experiences hold a special importance in our hearts as we grow up. They have taught me a lot and helped me become the person I am today.

MY INGREDIENTS TO A HAPPY LIFE

I have met many people in my life but I dream of meeting Chef Jamie Oliver. He lives in London. I like his cooking style. I have watched many of his shows on television, like 'Jamie's 30 minute meal' etc. My day starts with food and ends with food. I had seen his first TV show when I was six years old. After that day I found cooking interesting, so I started giving my free time to cooking and made many dishes. I have made some delicious dishes like my own pizza where I made all the ingredients at home and gave it a name 'Home Style Pizza'. It is my dream to win all the national and international cooking shows like 'Master Chef India' as well as 'The Taste Test' etc. It is my dream to meet him and cook with him at least once in my life. And I have the confidence and faith in myself that one day I will become the world's best chef.

In dedication to my dream, let's cook something...

LIFE

Life is beautiful but not easy. It comes with problems, difficulties, challenges, sorrows and happiness too. Those who think that good times last forever cannot fight with problems in their life. It does not mean that bad things last forever. But you pay for every mistake that you have made in your life. We can take an example of a student who burnt midnight oil and sacrificed yesterday, will surely pass the test tomorrow but the one, who played yesterday, will fail tomorrow. The ones who are successful today and have reached their goals have faced difficulties, and the ones who are just wishing and hoping without making any efforts, will never reach their goals. Life can also be defined as 'Karma' because whatever you do in life comes back as a part and parcel of it. Life is not a bed of thorns but not even a bed of roses and before you start regretting, achieve something because regrets take away the peace and happiness from your life.

COUNTING WISELY

Akbar once put a question to his court that left everyone puzzled. As they all tried to figure out the answer, Birbal walked and asked what the matter was. So they told him the question- "How many crows are there in the city?"

Birbal immediately smiled, went up to Akbar and announced that the answer to his question was twenty-one thousand five hundred and twenty three. When asked how he knew the answer, Birbal replied, "Ask your men to count the number of crows. If there are more, then they are the crows' relatives from outside the city." Pleased with the answer, Akbar presented Birbal with a Ruby and Pearl chain.

Moral of the story-
Having an explanation for your answer is just as important as having an answer.

FARMERS SUICIDE

Someone has truly said, "India is a land of villages and farmers are the soul of the country." I also feel the same. Farmers are respected a lot and farming is considered a noble profession in our country. Farmers are also called "Annadata" which means "food provider."

According to this logic, farmers in India should be happy and prosperous but the reality is exactly opposite to it.

This is the reason why kids of farmers don't want to pursue the profession of their parents. According to a government data, around two and a half thousand farmers leave farming and migrate to cities daily in search of livelihood. It is time that we stand for the farmers and request the government to fulfill their requirements at the earliest. Otherwise Indians will very soon have to pay a heavy price of taking farming and farmers for granted.

SELF IMPROVEMENT

There are many ways to prepare for a test or to do an assignment. Good study habits are a must for anyone who wishes to achieve great success in their courses.

Here are some points to improve your study skills:-

- 1 *Create an appropriate study environment*- You will need limited noise, a lot of sun light, a tidy surface and comfortable furniture. Find a quiet place to study where, you won't be bothered.
- 2 *Get everything you need before you sit down to study*- Take pencils, pens, notebooks, ruled paper, text books etc, so that you are not distracted while you are studying.
- 3 *Avoid distractions*: - If you have family members that distract you, politely ask them to leave so you can continue with your study. Make sure the T.V. and radio are off.
- 4 *Develop a calm attitude*: - Be calm and patient with yourself. Nobody learns anything straight away.
- 5 *Make sure you get enough sleep*: - Staying up late for studying is not a good idea. Lack of sleep prevents you from concentrating and reduces your ability to remember what you have learned.
- 6 *Develop a schedule*: - All students should keep a schedule of classes, assignments and other key dates.
- 7 *Develop a study group*: - This way you can quiz each other and learn things from each other.
- 8 *Take frequent breaks*: - Go for a walk, ride your bike, or be with family. When you take frequent breaks you find that you are not bogged with the stress of study.
- 9 *Get help*: - When you don't know what to do when studying for something, don't give up; go and talk to somebody about it; don't just keep it to yourself.
- 10 *Ask yourself questions*: - Ask yourself questions while reading or studying. Answering them will help you in remembering it.

MODERN INDIA REMAINS FOR ITS WOMEN

"There is no tool for development more effective than the empowerment of women."

India is a well-known democratic country where people from different cultures and religions live together. It is both, popular as well as populous. And around 48% of the total population is constituted by women.

Today's modern India is now achieving everything which was earlier considered 'Impossible'. But one thing which remains constant or unchanged from ancient India till modern India is- THE STATUS OF WOMEN IN THE SOCIETY. Though the Indian Constitution has made several laws for the empowerment of women, still they are treated as 'Secondary Issues' despite knowing the fact that they are the first to be effected but last to be taken into account. The government is trying their level best to flourish equality between men and women but, does equality really exist? And whether these laws are effective in empowering the women?

To be frank, the answer is No, as far as our country India is considered, this 'Modern India' remains primitive for its women.

Women play a very important role in this modern society. Right from the beginning of the day, they work for 24 hours without any wages and maybe that's why they are treated as 'Slaves' in most parts of the country. Offences like sexual assault, dowry-deaths, domestic violence, rape and most recently female foeticide are repeatedly committed against women.

On one hand, they are being worshipped as goddesses and on the other hand, they are being raped, burnt and beaten up badly. They are forced to bear and tolerate this inhuman treatment daily. EQUALITY and EMPOWERMENT are only big words which look good and powerful in magazines and newspapers but the condition of women is still the same.

'Nirbhaya Rape Case', bride burning, spousal violence, Sitapur gang rape, Kathua rape case (Asifa) are a few recent issues which completely shook the nation.

Though the Indian laws do not discriminate between men and women, the status of women in this modern India is far below the status of men. We all must realize that gender equality is a HUMAN FIGHT not a female fight. Before being men or women, we all are HUMANS who came here by birth and will leave in death. And therefore every human being is free and equal with equal rights.

Both the genders should be given equal opportunities to flourish. Women should be treated equally without any restrictions or limitations. They should be free to choose their career, profession and future by their own likings. They should not be kept inside the four walls of the houses but should be given equal freedom as men.

Let us join our hands together to make our country India 'A Non-Gender Biased Nation' one day.

"EMPOWER WOMEN TO BECOME AN EMPOWERED SOCIETY."

WHAT I WANT TO BECOME WHEN I GROW UP

I am eight years old and this is the exact time I took to decide what I want to become when I grow up. My first idea was to become a singer, then a dancer, and then an actress. Maybe even all three together. I liked how people would occasionally compliment me on my voice when I sang, and I figured why stop there? I want to become someone great like a doctor because a doctor changes the lives of patients. A doctor helps and saves people's life. Then my parents told me to become a teacher. A teacher educates children to become good citizens. Now my wish is to become a teacher and educate children. But above all, I want to become a better person with each passing day, month and year.

HEALTH AND FITNESS

We have to take care of our health and fitness for a healthy and disease free life. To take care of ourselves, we need regular exercise, rest and healthy food. Good health means a fit person who is full of energy to perform daily tasks.

Nowadays some people don't care about their health. People are avoiding exercise and are consuming junk food and becoming lazy day by day. Some people don't like to walk. To be healthy and fit, people need to change their habits. They need to start walking daily or exercise. We need to work-out every day.

Another aspect is mental fitness. To work on mental fitness, people need to regularize their sleeping habits. "Early to bed, early to rise makes a man healthy, wealthy and wise."

Most of our health and fitness problems could be solved by changing our habits. So wake up and spend a life that would inspire others to follow you.

BELIEF: AN INVISIBLE POWER

Belief: A two syllable small word which contains a lot of depth in its meaning.

Belief serves as an anchor to the ship of one's sinking life. It is the trust, faith or confidence that one may have on something or someone. Belief is an infinite entity that cannot be broken or measured. It's an emotion that forms an integral part of one's acceptance in a variety of aspects like religion, spirituality, relationships etc.

Belief, like a shield defends a person from the dark dungeons of cruel words which inflict wounds on one's confidence or faith. It is by believing in yourself, that you can find the courage to work towards your goals in life and make your dreams come true. Have the courage to accept yourself as you really are – not how someone else thinks you should be – and for once believe that you are a pretty good person. After all, we all have our own talents, skills, and abilities that make us extraordinary. We are all different and unique.

Belief is not a factual certainty but a mental representation of an attitude or a particular situation. An employee giving a presentation in a conference may have full belief on his success. This belief may or may not make him achieve his goal but is sure to boost his confidence which in turn can have a positive reflection on the outcome.

A broken belief can be arduous to mend without the help and support of one's interpersonal relations. Family and parents are the building blocks of our belief system since childhood. They lay the foundation of what we trust and relate to in life and this phenomenon is indispensable. Recounting childhood memories I still remember how during my teenage years I used to get intimidated by any person who in some or the other context was better blessed by the Heavens. It was only my mother who then laid strong foundations of faith and belief in me, which has helped me achieve the confidence to truly believe that nothing will work if I don't love or believe in myself.

Belief is not a two way process. Belief on someone else differs from the belief that you have in yourself. You might give your hundred percent in your relationships without your thoughts lingering on the repercussions but your belief may not be reciprocated in the same manner. So it's also important to take the right decisions to trust the right individuals.

I encourage everybody reading this to never compromise on your confidence, recognize your potential and rise above your self-limiting doubts. And this, as you may know, is the key to happiness and success. Embrace your confidence and believe that you really can do anything you put your mind to.

कहानी

एक दिन अधिक वर्षा हो रही थी। मैं अपने किसी काम से छाता लेकर बाहर गया था। मैंने देखा सड़क पर पानी भरा था। गाड़ियाँ भी नहीं चल पा रही थीं। तभी मैंने देखा सड़क पर एक कमजोर और बूढ़ा व्यक्ति लाठी लेकर चला आ रहा था। तभी वह फिसलन के कारण सड़क पर गिर गया। वहाँ कुछ बच्चे खेल रहे थे। परंतु उस बूढ़े आदमी की सहायता करने की जगह वे उस पर हँसने लगे। फिर मैंने उस बूढ़े व्यक्ति की सहायता की। मैंने उसे उसके घर तक पहुँचाया। वह अपने घर में अकेले रहता था। मैंने उनकी मरहम पट्टी की। अगले ही दिन एक बच्चा जिसका नाम राहुल था। वह पानी में गिर गया तो उसी बूढ़े व्यक्ति ने राहुल को सहारा दिया। यह सब देखकर उन हँसने वाले बच्चों के सिर शर्म से झुक गए।

अनुशासन का महत्व

हर एक के जीवन में अनुशासन सबसे महत्वपूर्ण चीज़ है। बिना अनुशासन के कोई भी एक खुशहाल जीवन नहीं जी सकता है। कुछ नियमों और कायदों के साथ ये जीवन जीने का एक तरीका है। अनुशासन ही सब कुछ है जो हम सही समय पर सही तरीके से करते हैं। वास्तव में वही अनुशासन कहलाता है। यह हमें सही राह पर ले जाता है।

हम अपने रोज़मर्रा के जीवन में कई प्रकार के नियमों और कायदों के द्वारा अनुशासन पर चलते हैं। इसके कई सारे उदाहरण हैं जैसे हम सुबह जल्दी उठते हैं, एक गिलास साफ़ पानी पीते हैं, तरोताज़ा होने के लिये शौचालय जाते हैं।

अनुशासन के द्वारा हमें बहुत से सुअवसर, आगे बढ़ने के लिये मिलते हैं इसके द्वारा हमें सही रास्ता व कम समय में ज़्यादा अनुभव मिलता है। जबकि अनुशासन की कमी की वजह से ढेर सारी दुविधा होती है, अनुशासनहीनता की वजह से जीवन में शांति और प्रगति के स्थान पर बहुत सारी परेशानियाँ उत्पन्न हो जाती हैं।

नानी का घर

एक ऐसा शब्द जिसका प्रत्येक व्यक्ति के जीवन में बहुत महत्व है। जिसके होने से दुनिया के सारे सुख अपने हैं, वरना प्यार स्नेह, अपनापन सब एक मात्र सपने हैं। जैसे ही हमें पता चलता था कि हमें नानी के घर जाना है, हम दोगुने एहसास से भर जाते थे। हमारे आने की ख़बर नानी के पैरों में पहिने लगा देती है। क्या मिले, क्या बना दें, क्या खिला दें, क्या पहना दें, सुबह हमारे पहुँचते ही रंग-रंग की चीज़ें तैयार रहती थी। गर्मी की छुट्टियों में पूरा दिन हम उछल-कूद मचाते, पर क्या मजाल की नानी के होते मम्मी डाँट दें। एक दो कमरे के घर में हम 15 लोग पूरी गर्मी की छुट्टियाँ बिता देते थे और पता भी नहीं चलता था। आज सोचते हैं तो लगता है कि वो दो कमरों के घर में इतने लोग कैसे रह लेते थे। सब कुछ एक सपने के जैसा हुआ करता था। उस वक्त न ही कोई परेशानी होती थी, न ही कोई चिन्ता, न कल की फिक्र। मानो अगर ज़िन्दगी में कभी जन्म नहीं थी, तो बस वहीं थी। पर आज सब कुछ ख़त्म हो गया है। न वो दिन रहे, न वो खिलौने सबसे बड़ा नुकसान, नानी भी नहीं रही। अब कुछ भी लौट के नहीं आ सकता। आज भी जब याद आते हैं वह दिन तो खुद ब खुद आँखों से आँसू छलक ही जाते हैं। पर एक चीज़ जो कभी नहीं बदल सकती कि नानी को गये बेशक सालों बीत गये फिर भी उस घर को आज भी हम नानी के घर के नाम से ही जानते हैं।

सहमे हुए कुत्ते

किसी साइकिल सवार के थैले से डबल रोटी का एक पैकेट फिसल कर सड़क पर गिरा और सड़क के आवारा कुत्तों की भीड़ उसके चारों तरफ जमा हो गई।

हर एक अधिक से अधिक हिस्से को लेना चाहता था। चारों तरफ कुत्तों के भौंकने की तरह-तरह की आवाज़ें आने लगीं।

अचानक एक धमाका हुआ और परेशान हाल लोग, एक दूसरे से लड़ते-भिड़ते जान बचा कर भाग रहे थे। कुत्ते अपनी डबल रोटी को भूल भाग खड़े हुए और अब उनकी जगह आग, खून, धुआँ और इन्सानी चीखों ने ले ली थी।

एक टूटी हुई दीवार के पीछे दुबके हुए कुत्ते, सहमी हुई नज़रों से कभी एक दूसरे को और कभी खून से ढकी सड़क को देख रहे थे।

शिक्षा— इस कहानी से हमें यह शिक्षा मिलती है कि हमें इन्सानियत के दुश्मनों के विरोध में एकजुट हो जाना चाहिए।

यूनिटी की विशेषता

अनेकता में एकता, यूनिटी की विशेषता
धर्मों में समानता, ईश्वर एक है मानता,
गुणों को निखारता, दोषों को है छानता,

मेरा स्कूल ऐसा ही है, ऐसी है इसकी महानता,
अध्यापकों का सहयोग सदा, प्रधानाचार्य की उदारता,
कबीर, रहीम के दोहे यहाँ हैं, और रसखान की सम्वादता,
माँओं को सम्मान देता और बुजुर्गों को भगवान मानता,
मेरा स्कूल ऐसा ही है, ऐसी है इसकी महानता।।

हमारा प्यारा भारत देश

भारत देश सभी भारतवासियों के लिये स्वर्ग के समान सुन्दर है। इसकी गोद में पलकर हम बड़े हुए हैं। इसलिये हमारा कर्तव्य है कि हम इससे प्यार करें तथा इसकी रक्षा के लिये हम अपने प्राणों की आहुति भी दे दें। महाराजा दुष्यंत और शकुंतला के न्यायप्रिय पुत्र भरत के नाम पर इसका नाम भारत पड़ा। हिन्दू बाहुल्य होने के कारण इसे हिन्दुस्तान भी कहा जाता है। हमारा भारत संसार का सबसे बड़ा प्रजातान्त्रिक देश है यहाँ सभी धर्मों के लोग मिल-जुलकर रहते हैं।

यहाँ पर सभी धर्मों के मानने वालों को अपने ईश्वर की पूजा करने की पूरी स्वतन्त्रता है। भारत का सौन्दर्य केवल भारतवासियों को ही मोहित नहीं करता बल्कि विदेशों से भी इसे देखने के लिये विदेशी हर साल काफ़ी संख्या में भारत आते हैं। यह वह देश है जहाँ हर धर्म का आदर किया जाता है और किसी पर किसी तरह का प्रतिबन्ध नहीं है। यह वह देश है जहाँ पर छह ऋतुएँ समय-समय पर आती हैं और इस देश की धरती की गोद को अनेक प्रकार के अनाज, फलों एवं फूलों से भर देती है। पवित्र नदियाँ, रेगिस्तान, निर्झर, वन-उपवन, हरे-भरे मैदान एवं समुद्र तट इस देश की शोभा को और बढ़ाते हैं। जहाँ एक तरफ़ कश्मीर में स्वर्ग दिखाई पड़ता है वहीं दूसरी ओर केरल की हरियाली आनन्द से परिपूर्ण करती है।

इस प्रकार से भारत देश संस्कृति तथा दर्शन का संगम है। हमारी धरती धन्य है और इसमें रहने वाले लोग भी बड़े सौभाग्यशाली हैं। यहाँ पर बड़े-बड़े प्रतापी सम्राट अशोक, अकबर, चन्द्रगुप्त मौर्य, विक्रमादित्य आदि हुए जिनके नाम विश्व में प्रसिद्ध हैं। ग़रीबों के मसीहा महात्मा गाँधी, शान्तिदूत पं. जवाहर लाल नेहरू, विश्व मानवता के प्रचारक रवीन्द्र नाथ टैगोर का जन्म भी इसी महान देश में हुआ। हमें अपने भारत देश पर गर्व है।

आत्मबल

लक्ष्य मार्ग का कठिन होना या सरल होना यह तो किसी व्यक्ति के हाथ में नहीं है। समय और परिस्थितियों के वश ही आदमी को कोई कार्य कठिन या सरल लगता है। एक इन्सान अपनी आत्मिक शक्ति को दृढ़ बनाकर अपने कठिन मार्ग को भी सुगम बना लेता है। कमजोर इच्छा शक्ति वाले व्यक्ति को तो आसान काम भी मुश्किल लगने लगता है। मनुष्य के मन में असीम शक्ति होती है। व्यर्थ की बातचीत, व्यर्थ के सोच विचार और बेकार के काम करने में वह अपने मन की शक्ति को नष्ट कर देता है। यदि वह अपनी इसी शक्ति को इन बेकार के कामों में न लगाकर किसी अच्छे काम में लगाए तो वह संसार में महान और निराले कार्य कर सकता है।

मनुष्य का मन प्रायः चंचल हुआ करता है। मनुष्य के मन में कभी अच्छे तो कभी बुरे, कभी सकारात्मक तो कभी नकारात्मक, सैकड़ों तरह के विचार आते-जाते रहते हैं। मनुष्य अपने मन को अपने कार्यों के मनन चिंतन की बजाय व्यर्थ के कार्यों के सोच विचार में ज़्यादा उलझा देता है। इसलिए व्यक्ति प्रायः अपने आप में तनाव तथा चिड़चिड़ेपन का अनुभव करता है। व्यर्थ की बातों के सोच विचार में मन की अनमोल शक्ति नष्ट हो जाती है। व्यक्ति शांति की बजाय अशांति और तनाव अनुभव करता है। आत्मविश्वास एक ऐसा बल है जिसे कहीं से लाया नहीं जा सकता।

यह हर व्यक्ति पर निर्भर है कि वे खुद के अंदर कितना विश्वास रखता है। यह आत्मविश्वास ही तो है जो हमें इस समाज में, इस संसार में जीने के योग्य बनाता है। यह हमारा हौसला और आत्मविश्वास ही होता है जो हमें नकारात्मक परिस्थितियों में भी जीने की प्रेरणा देता है। कई बार हमारे जीवन में बहुत बड़े कष्ट आ जाते हैं परन्तु हम उस असहनीय अवस्था को भी सहन कर के अपनी हिम्मत नहीं हारते क्योंकि कोई न कोई आशा होती है जिसके सहारे हम अपने जीवन को जीते हैं।

“रात भर का मेहमा अन्धेरा, किसके रोके रूका है सवेरा।”

आत्मविश्वास ही इन्सान को ज़िन्दगी के हर मोड़ पर जीने की एक नई राह दिखाता है। जीवन के हर क्षेत्र में हमें इस की ज़रूरत होती है। सिकन्दर का भी यही विचार था कि युद्ध हिम्मत से जीते जा सकते हैं, हथियारों से नहीं। उसकी छोटी सी सेना के पास केवल एक ही हथियार था, आत्मविश्वास। इतिहास साक्षी है कि अपनी छोटी सी सेना की बदौलत सिकन्दर ने आधी दुनिया जीत ली थी। यह हमारा आत्मविश्वास ही तो होता है जो हमें कुछ कर दिखाने की प्रेरणा देता है। कुछ विशेष करने के लिये, भीड़ से अलग पहचान बनाने के लिये हमें परिश्रम तो करना ही पड़ेगा और परिश्रम सदा ही रंग लाता है।

मतदान-महादान

अब तो मतदान बहुत ज़रूरी है।
किसी एक को चुनना हमारी मजबूरी है।
मत न देना कानूनन अपराध है।
इससे गिरती देश भक्ति की साख है।
लोकतंत्र का हम अपमान करेंगे।
गर चुनाव में मत न करेंगे
उनकी सत्ताफरोशी देश भक्ति है।
हमारा बहिष्कार देश विरोधी है।
वे आरक्षण के जाल में बांधेंगे।
बच्चे अंक पत्र के तमंगे लेंगे।
मंहगाई करेगी जनता का उद्धार।
अब मतदान देगा देश को तार।
कूटनीति का सौ-सौ बार प्रहार।
इस देश का अब का तारनहार।
इसलिये मानलो ...
अबकी मतदान बहुत ज़रूरी है।
किसी योग्य को चुनना हमारा लक्ष्य हो।

क्यों करते हो भ्रूण हत्या

क्यों करते हो भ्रूण हत्या।
क्या मेरा नहीं जीवन पर अधिकार।।
समय से पहले मार दिया।
क्यों कर दिया मेरा तिरस्कार।।
क्यों करते हो भ्रूण हत्या।
क्या मेरा नहीं जीवन पर अधिकार।।
क्या-क्या सपने संजोए थे इस दुनिया में आने को।
एक क्षण में कर डाला मेरे सपनों का बलिदान।।
क्यों करते हो भ्रूण हत्या।
क्या मेरा नहीं जीवन पर अधिकार।।

स्कूल में मेरा पहला दिन

मुझे आज भी वह दिन अच्छी तरह से याद है जब मैं अपने एडमिशन के लिये पहली बार स्कूल गया था। कुछ डरा-डरा सहमा हुआ था। जब मैं अपने मम्मी पापा के साथ इन्टरव्यू देने के लिये प्रिंसिपल सर के सामने गया तो बहुत डरा हुआ था। लेकिन उन्होंने इतने प्यार से सवाल पूछे कि मेरा सारा डर खत्म हो गया। अब मुझे स्कूल आते बहुत अच्छा लगता है। यहाँ पर मेरे बहुत सारे दोस्त हैं। मुझे अपना यूनिटी कॉलेज बहुत अच्छा लगता है। मेरी तमन्ना यही है कि मैं कक्षा बारह तक यहीं पढ़ूँ और पढ़ लिख कर अपने कॉलेज का और माता-पिता का नाम ऊँचा करूँ।

अवसाद

अवसाद यह एक ऐसी बीमारी है जिससे आजकल छोटे-छोटे बच्चे तक ग्रस्त हैं। जोश से भरी युवा पीढ़ी आज अवसाद से ग्रस्त है। यह अवसाद हमारी नकारात्मक सोच का परिणाम है जो हमें हमारे जीवन के एक क्षण को भी शांति और प्रसन्नता से जीने नहीं देता। जो बच्चे पढ़ाई में अच्छे नहीं होते, अगर वे चिंतित हैं तो बुराई नहीं पर अगर टॉपर चिंतित हैं तो बात गंभीर है, वह परेशान इसलिए नहीं है कि परीक्षाएँ आ रही हैं या उन्होंने कुछ पढ़ा नहीं बल्कि और अच्छा करने की जिम्मेदारी का बोझ उन पर रहता है।

यह बात तब से शुरू होती है जब उनके माता-पिता गर्व से कहते हैं कि हमारा बेटा-बेटी तो टॉप करेगा। जब उनके अध्यापक कहते हैं कि टॉपर तो हमारी कक्षा का ही होगा। यह सब कुछ ग़लत नहीं है परन्तु यह दर्शाता है कि आप कितने होनहार हैं जो आपको लोग इस लायक समझते हैं। पर यह सब कभी-कभी बच्चे के अन्दर भय भी पैदा करता है कि यदि वो इसमें सक्षम न हो पाया तो बस यहीं से शुरू होती है अवसाद की बीमारी और यह इतना बढ़ जाती है कि एक होनहार बच्चा भी पढ़ाई से हाथ धो बैठता है।

अवसाद से सिर्फ़ वो बच्चे ही बचते हैं जिनमें आत्मविश्वास व सकारात्मक सोच हो जिससे उन्हें और उनके इरादे को कोई हिला न सके और यह सिर्फ़ एक अच्छे वातावरण से ही मिल सकता है। सफलता की पहली सीढ़ी अच्छा वातावरण है। आत्मविश्वास हो तो सफलता दूर नहीं है।

नारी सुरक्षा

भारत में प्राचीन समय में महिलाओं को देवी के रूप में पूजा जाता था। परन्तु आज के समय में उनके साथ दुर्व्यवहार किया जाता है। हर रोज़ महिलाओं के साथ होने वाले अत्याचार की घटनायें सामने आ रही हैं। आज का पुरुष ग़लत आदतों में पड़कर महिलाओं से अभद्र व्यवहार करता है जिसकी वजह से आज महिलाओं को सुरक्षा की आवश्यकता पड़ती है।

इसके लिये महिलाओं को आत्मरक्षा के तरीक़े सुझाने चाहिए। वे जिस भी टैक्सी में बैठें उसकी गति और रास्ते का ध्यान रखें। टैक्सी का नम्बर नोट करें। अपने पास मिर्च का स्प्रे रखें। महिलाओं की सुरक्षा को लेकर सख़्त कानून बनाये जाने चाहिए तथा ज़रूरत पड़ने पर उनका प्रयोग करना आना चाहिए।

महिलाओं के लिये पुरुषों के विरोध का एक मुख्य कारण उन लोगों की मानसिकता है जो महिलाओं को पुरुषों से निम्न मानते हैं। परन्तु आज की नारी पुरुषों के साथ क़दम-से क़दम मिला कर चल रही है तथा नारी के स्वाभिमान में वृद्धि कर रही है।

क्रिसमस ईसाइयों का प्रमुख त्योहार है। सारे ईसाई संसार में इसे बड़ी धूमधाम और उत्साह के साथ मनाते हैं। इसे "बड़ा दिन" भी कहते हैं। यह त्योहार 25 दिसम्बर को जीसस क्राइस्ट के जन्मदिन पर मनाया जाता है। जीसस को परमात्मा का पुत्र माना जाता है जिन्होंने लोगों को पाप से मुक्ति दिलाकर उद्धार करने के लिये आज से 2004 वर्ष पहले बेतलेहम नगर में जन्म लिया था। यह नगर जेरुसलम में है।

क्रिसमस के दिन गिरजाघरों में विशेष पूजा-अर्चना और प्रार्थना होती है। बेतलेहम में दुनिया भर के ईसाई इकट्ठा होकर इस पर्व को मनाते हैं। क्रिसमस की तैयारियाँ कई दिन पहले से ही प्रारंभ हो जाती हैं। ईसाई लोग नई-नई चीज़ें खरीदते हैं और बहुत धन इस अवसर पर खर्च करते हैं। इस अवसर पर क्रिसमस ट्री को सजाया जाता है। भारत में इस दिन को सभी मिलकर मनाते हैं। इस दिन सभी दफ़्तरों व विद्यालयों में अवकाश होता है। बाज़ारों व इमारतों की सजावट देखते ही बनती है। बच्चे बड़ी उत्सुकतापूर्वक 'सांता क्लॉस' की प्रतीक्षा करते हैं। भारत में सभी धार्मिक त्योहार सभी भारतवासी मिल-जुलकर मनाते हैं।

माँ

माँ एक शब्द नहीं, एक एहसास है। माँ शब्द अपने भीतर भावनाओं का एक समुंदर समेटे हुए है। ईश्वर ने इस शब्द में ऐसी शक्ति प्रवाहित की है कि व्यक्ति जब भी किसी कठिनाई में होता है तो माँ को ही याद करता है। ईश्वर का दिया हुआ एक वरदान है माँ।

माँ रूपी वृक्ष की छाया में हम सब इस जीवन से अवगत होते हैं। माँ ही हमें एक सबल व्यक्ति बनाती है।

माँ जो कष्ट हमारे लिये उठाती है वो अनमोल है परंतु कुछ लोगों के लिये माँ का त्याग, उसका बलिदान उसकी ज़िम्मेदारी लगती है। उनके लिये माँ के परिश्रम का कोई मूल्य नहीं है। वह बुढ़ापे में अपनी बूढ़ी माँ को छोड़ देते हैं और अपनी दुनिया में मग्न हो जाते हैं परंतु हमें ऐसे पत्थर दिल लोगों से दूर रहना चाहिए क्योंकि ऐसे लोग किसी के नहीं होते। ऐसे लोगों की अंतरात्मा सो गई है और अब उन्हें अपनी माँ की खामोश चीखें नहीं सुनाई देती। परंतु ऐसे लोग यह समझ लें कि जिसने माँ को कष्ट दिया उसे न तो इस जीवन में सुख मिलेगा और न इसके बाद।

अभी भी देर नहीं हुई है, जाग जाओ अपनी इस नींद से और अपनी माँ से क्षमा याचना कर लो और वह तुम्हें हँसते हुए हृदय से लगा लेगी क्योंकि माँ तो माँ है दोस्तों, माँ तो माँ है।

बाप का साया

ना सिर पर हाथ जिसके हो,
उस पर उंगलियाँ ही उठाई जाती हैं,
बाप के साये के बिना उस बच्चे को,
खुशियों की सिर्फ कहानियाँ ही सुनाई जाती हैं।
कभी अँधेरा जो हो जाए,
तो रौशनी भी दिखाने वाला कोई नहीं,
बाप के साये के बिना उस बच्चे को,
रौशनी सिर्फ दूर से ही दिखाई जाती है।
डगमगाते हुए कदमों को,
उँगली पकड़ कर दिखाने वाला कोई नहीं,
बाप के साए के बिना उस बच्चे को,
सिर्फ ठोकरें हीं खिलाई जाती हैं।
जो गिर कर चोट लगे,

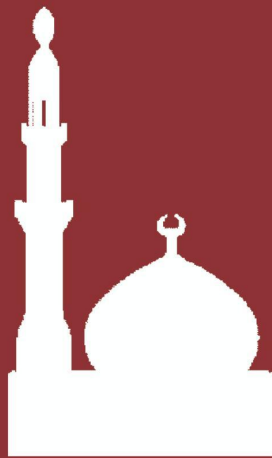

तो उठाकर जख्म पोंछने वाला कोई नहीं,
बाप के साये के बिना उस बच्चे को,
गिरने पर भी सिर्फ गलतियाँ ही गिनवाई जाती हैं।
बिन पैसे भूखा ही सो जाए,
तो रोटी पूछने को कोई नहीं,
बाप के साये के बिना उस बच्चे को,
सिर्फ दर्द से ही पेट भरने की आदत पड़वाई जाती है।
दुआ यही है बस के,
सलामत रहे हर सिर पर उसके बाप का साया,
क्योंकि बाप के साये के बिना एक बच्चे को,
यह दुनिया सिर्फ ग़मों से ही रूलाती है।

राष्ट्रवाद से बड़ा कोई धर्म नहीं

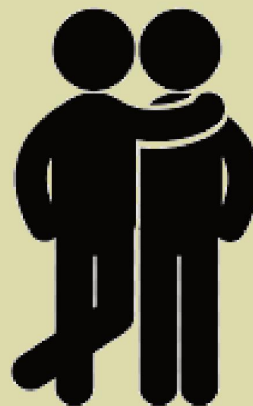

भारत एक सांस्कृतिक एवं धार्मिक देश है यहाँ के लोग अपने धर्म एवं संस्कृति से कोई भी समझौता नहीं कर सकते लेकिन उन सब को जोड़ने के लिये राष्ट्रवाद ही वह धागा है जो लोगों को उनकी विभिन्न संस्कृतियों से संबंधित होने के बावजूद एकता के सूत्र में एक साथ बाँधता है।

“राष्ट्र के प्रति निष्ठा, उसकी प्रगति और उसके प्रति सभी नियम आदर्शों को बनाए रखने के सिद्धांत को राष्ट्रवाद कहते हैं।”

राष्ट्रवाद की भावना हमारे हृदय में होना बहुत महत्वपूर्ण है, राष्ट्रवाद यानि राष्ट्र के प्रति समर्पण की भावना जो देश के नागरिकों को एक जुट करती है, यह भावना कश्मीर से कन्या कुमारी तक सभी भारतीयों को एकजुट करने में महत्वपूर्ण भूमिका निभाती है। यह राष्ट्रवाद की ही देन है कि भारत की सड़कों पर कई जाति-धर्म के लोग एक साथ चलते हैं और ज़रूरत पड़ने पर एक दूसरे की मदद करने के लिये तैयार रहते हैं लेकिन वहीं दूसरी तरफ़ अगर बात उनके धर्म पर आ जाती है तो वहीं सड़कों पर साथ चलने वाले व्यक्ति एक-दूसरे के खून के प्यासे हो जाते हैं फिर वह यह नहीं सोचते कि हम एक ही देश के देशवासी हैं। हमें एक-दूसरे की सहायता की कभी भी आवश्यकता हो सकती है लेकिन इंसान अपने आपे से बाहर हो जाता है तो उसे कुछ भी समझ में नहीं आता जबकि अगर हम चाहें तो सारी समस्याओं का समाधान कर सकते हैं लेकिन ऐसा तभी हो सकता है जब हमारे दिल में अपने देश के प्रति प्रेम एवं सम्मान की भावना हो क्योंकि हमारे देश में विभिन्न जातियों एवं धर्मों के लोग रहते हैं। देश के लिये हमारा यही सबसे बड़ा समर्पण होगा कि हम सारे भारतवासी एक साथ मिलकर अपने दुःख-सुख बाँटें और अपने सारे पर्वों को एक साथ मनायें क्योंकि—

“मज़हब नहीं सिखाता, आपस में बैर रखना,

हम अपने देश को कैसा देखना चाहेंगे

हमारे देश में आज भी बहुत सी ऐसी चीज़ें हैं जो हम आने वाले समय में विकसित होते देखना चाहेंगे। हमारे देश में ऐसे बहुत से लोग हैं जो कभी भी नियमों का पालन नहीं करते जैसे लोगों का सड़क पर थूकने की आदत और चारों तरफ़ कूड़ा फेंकने की आदत या पुलिस का रिश्त लेना, यह सब नियम के विरुद्ध है। पेड़ों को काटने पर रोक लगी होने के बाद भी पेड़ काटना अपने पर्यावरण को हानि पहुँचाना है। लोगों को यह समझना चाहिए कि यह सब बातें हमें ही परेशान करेंगी। इसलिये यह बहुत ज़रूरी है कि हम नियमों का पालन करें क्योंकि हमारी आगामी पीढ़ी हमारे ऊपर निर्भर है, और जब हम इन सब चीज़ों को छोड़ देंगे तब हमारा देश बहुत सुंदर लगेगा और हमारी आने वाली पीढ़ी बहुत खुश रह सकेगी। आज के समय में बहुत से ऐसे लोग हैं जो दूसरों का काम करने के लिये रिश्त लेते हैं और इनमें सरकारी और पुलिस कर्मचारी भी शामिल हैं। आने वाले समय में हम चाहेंगे कि यह सब बुराइयाँ दूर हो जायें ताकि हम अपने देश को एक अच्छा और सुन्दर देश बना सकें।

وقت انمول ہے

زمین مستقل گردش میں ہے تو یہ اُمید نہیں کی جاسکتی کہ زمین پر رہنے والے لوگ گردش میں نہیں ہونگے۔ کہا بھی جاتا ہے کہ جو تھم گیا وہ مر گیا۔ اس لئے تحریک زندگی کی علامت ہے۔ اسی آدمی کو اچھا سمجھا جاتا ہے جو خود کو مصروف رکھے اور اپنے وقت کا پورا پورا استعمال کرے۔ وقت کے پورے استعمال سے مراد یہ ہے کہ جو وقت اسے اپنے گھر والوں کے ساتھ صرف کرنا ہے اسے گھر والوں کے ساتھ ہی صرف کرے اور جو وقت دوستوں کے ساتھ گزارنا ہے اسے دوستوں کے ساتھ ہی گزارے۔ کام کرتے ہوئے یہ سمجھے کہ صلاحیت اور لگن کے ساتھ مقررہ وقت پر اپنا کام پورا کر دینے پر ہی اس کی اہمیت اور رتبے میں اضافہ ہوگا ورنہ اس کی لگن اور صلاحیت ضائع ہو جائے گی۔

وہ لوگ جو وقت کی قدر کرتے ہیں وہی زندگی میں کامیابی حاصل کرتے ہیں۔ مگر ایسے کامیاب اور بڑے عہدے دار لوگ جو عزت اور شہرت حاصل کرنے کے بعد اپنے دوست احباب اور رشتہ داروں کو کمتر سمجھنے لگتے ہیں ان کو یہ بات معلوم ہونی چاہئے کہ وقت جیسے اپنی قدر کرنے والوں کو نواز دیتا ہے اسی طرح انا رکھنے والوں کو فرعون کی طرح دریائے نیل میں ڈبو بھی دیتا ہے۔ اسلئے آدمی سمجھدار وہی ہے جو وقت کی قدر کرے دولت اور شہرت حاصل کرے مگر اپنے قدم زمین سے ہٹائے نہیں۔ اسلئے اچھے دنوں میں یہ نہیں بھولنا چاہئے کہ برے دن بھی آسکتے ہیں۔ اچھا وقت انا اور غرور دکھانے کے لئے نہیں آتا بلکہ اپنے خلوص اور انکساری کا اظہار کرنے کے لئے آتا ہے۔ جس نے اچھے وقت کا صحیح استعمال کیا وہ امر ہو گیا اور جس نے اچھے وقت میں خود کو انا کی نذر کر دیا وہ ہلاک ہو گیا۔ اس لئے وقت کی قدر کے ساتھ ساتھ یہ سمجھنا بھی ضروری ہے کہ وقت کا استعمال صرف مادی حصولیابیوں کے لئے نہ کیا جائے صرف دنیا بنانے کے لئے ہی نہ کیا جائے بلکہ اس کا استعمال دین کے لئے بھی کیا جائے مختصر یہ کہ وقت انمول ہے یہ ہیرا نہیں یہ سونا نہیں کہ اسکی قیمت لگائی جاسکے۔

پاسباں دیتے تھے دم بھر کو اجازت جو کبھی
ناچتے پھرتے تھے اک شور مچاتے ہوئے ہم

یہیں انگڑائی لیا کرتے تھے خواب آنکھوں میں
یہیں سو جاتے تھے اوروں کو جگاتے ہوئے ہم
جرم بے جا بھی کیا کرتے تھے سرمستی میں
شرم کرتے بھی نہ تھے پٹپٹے پٹاتے ہوئے ہم
داد و تحسین جو مل جاتی تھی گاہے گاہے
چند دن گھومتے تھے سینہ پھلانے ہوئے ہم
کوئی محبوب ہوا کرتا تھا کوئی دشمن
سب سے رہتے تھے مگر ہاتھ ملائے ہوئے ہم
اب ہے رخصت کی گھڑی اے درو دیوار سلام
کس طرح جائیں نشاں اپنے مٹاتے ہوئے ہم
دل سدا ڈھونڈے گا اس بزم کو آئندہ فراز
کسی منزل پر قدم جائیں بڑھاتے ہوئے ہم
یونٹی کے تھے مثال ہم تو فرس اور فراز
وقت رخصت ہے چلے ہاتھ ملاتے ہوئے ہم

خرگوش

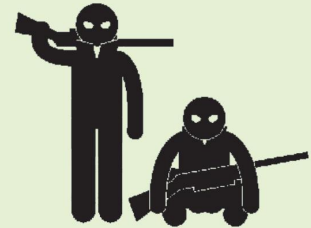

خرگوش ایک بہت خوب صورت جانور ہے۔ دودھ کی طرح سفید اور روئی کی طرح ملائم اسکے بال دیکھنے اور چھونے میں بہت اچھے لگتے ہیں۔ وہ بہت تیز اور کود کود کر چلتا ہے۔ اس کا اچھل اچھل کر چلنے کا یہ انداز بھی آنکھوں کو خوب بھاتا ہے۔ اسے کھانے میں زیادہ تر سبزیاں پسند ہیں، اور گا جرتو وہ خوب مزے لے لے کر کھاتا ہے۔ اسکے بہت سے بچے ہوتے ہیں چھوٹے چھوٹے اور سفید سفید، روئی کے گالوں جیسے بچے جب اچھل اچھل کر چلتے اور ایک دوسرے کے ساتھ کھیلتے ہیں تو یہ منظر بہت ہی دلفریب ہوتا ہے۔

شیر کے بچے

ایک جنگل میں ایک شیرنی رہتی تھی۔ اس کے دو چھوٹے چھوٹے ننھے منے بچے تھے۔ ایک دن جنگل میں اسے گیدڑ کا بچہ ملا۔ وہ زور زور سے رورہا تھا۔ اس نے گیدڑ کے بچے سے پوچھا کیا ہوا؟ اس نے بتایا کہ اس کی ماں مر گئی ہے اور وہ بالکل اکیلا ہو گیا ہے۔ شیرنی کو اس پر ترس آ گیا وہ اسے پالنے کی غرض سے اپنی غار میں لے آئی۔ اس کے بچوں نے پوچھا ماں یہ کون ہے؟ شیرنی نے بتایا یہ تمہارا بڑا بھائی ہے، تم اس کا کہنا ماننا تینوں بچے ساتھ میں کھیلنے لگے۔

ایک دن کا واقعہ ہے۔ شیرنی جنگل میں شکار کے لئے گئی ہوئی تھی غار کے باہر ایک ہاتھی آ گیا وہ تیز تیز چنگھاڑنے لگا۔ دونوں بچوں کو غصہ آ گیا وہ بڑے بھائی سے بولے یہ کون شیطان ہے جو ہمارے گھر کے سامنے غدر مچا رہا ہے۔ اس کی یہ مجال چلو ابھی مار گراتے ہیں۔ ان کی بات سن کر بڑا بھائی بولا، ایک تو ہمارے گھر میں ہماری ماں نہیں ہے دوسرا ہاتھی بہت بڑا ہے ہم بچے ہیں وہ ہمیں اپنے پیروں تلے دبا سکتا ہے۔ بچے اپنے بڑے بھائی کا مشورہ سن کر خاموش ہو گئے۔ ہاتھی دروازے سے ٹکرا کر چلا گیا۔ سب بچے چپکے سے دبک گئے۔ شام ہوئی جنگل سے شیرنی لوٹی اور یہ قصہ سن کر فکر مند ہو گئی۔ وہ سوچنے لگی کہ اگر گیدڑ کے بچے کے ساتھ اس کے بچے کچھ دن اور رہے تو وہ ڈرپوک بن جائیگے جیسا گیدڑ کا مزاج ہے۔ اس نے جلدی سے بڑے بھائی کو اپنے پاس بلایا اور کہا بیٹا اب تم سمجھدار ہو گئے ہو اب تم خود کھانا پی سکتے ہو ہاں تم ہاتھی کا شکار تو کر نہیں سکتے اس لیے تمہارا ان بھائیوں کے ساتھ رہنا بھی مناسب نہیں ہے۔ شیرنی نے اس طرح اس گیدڑ کے بچے کو اپنے بچوں سے الگ کر دیا۔ اس کے بعد دونوں بچوں کو سمجھایا دیکھو اگر کوئی تمہارے دروازے پر آ کر لکارے تو اسے زندہ نہیں چھوڑنا آخر تم شیر کے بچے ہو۔ شیر آخر شیر ہوتا ہے اور گیدڑ گیدڑ۔

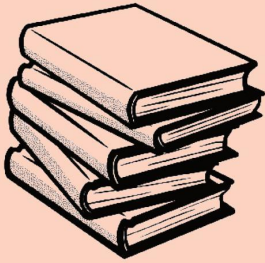

گیدڑ کا بچہ گیدڑوں میں جا ملا اور شیرنی کے بچے شیروں کی طرح رہنے لگے۔

دوستی

سب کو ہوتی ہے ضرورت دوست کی
 دکھ میں سکھ میں دوست آتا کام ہے
 کوئی رکھتا دوست ہے دوچار بس
 دوستی سے گر ہو خالی زندگی
 دوستی سے زندگی پر نور ہے
 جب کوئی ہوتا ہے غم میں مبتلا
 دوست بہتر ایک نعمت ہے سنو!
 دوستی تم نیک لڑکوں سے کرو
 جس کسی کو دوست اچھا مل گیا
 دوست رکھتا ہے مروت دوست کی
 دوست ایسا سچ میں اک انعام ہے
 دوست ہوتا ہے کسی کا ایک بس
 زندگی سمجھو ادھوری ہی رہی
 دوستی بن زندگی بے نور ہے
 دوست اچھا غم ہے اسکا بانٹنا
 اور برا ہو تو وہ لعنت ہے سنو!
 اور برے بچوں سے تم بچتے رہو
 اس کی خوشیوں کا چمن پھر کھل گیا

بھارت کے لال

بکھیر کر روشنی، ایک روز چلا جاؤں گا
 نظر سب آئیں گے، پر میں نظر نہ آؤں گا
 لے چلو مجھ کو بھی اے شہادت کے متوالو
 کام نہ آؤں بھی تو، حوصلہ بڑھاؤں گا
 ڈھونڈتے ہوں گے جو افسردگی میں اپنوں کو
 بے کسی میں انھیں، بڑھ کر گلے لگاؤں گا
 بند ہو جائیں گے جب چوراہے ان سڑکوں کے
 وقت کے دھند لکوں میں بتیاں جلاؤں گا
 کام جو آئیں گے، ملک کی حفاظت میں
 ایسے ہی شہیدوں کی تربتیں بناؤں گا
 خشک ہو جائیں گے جب ہونٹ بیابانوں میں
 سخت جتن کر کے بھی تشنگی مٹاؤں گا
 جیتے جی تو میں، اب سپر نہ ڈالوں گا
 ہنستے ہوئے آیا تھا یہاں، ہنستے ہوئے مرجاؤں گا

خدمت خلق

اسلام میں جس بندے میں خدمت خلق کا جذبہ ہو وہ اچھا انسان قرار دیا گیا ہے۔ اگر ہم دوسروں کی خوشیوں میں شریک ہوتے ہیں تو انکی خوشیاں دوگنی ہو جاتی ہیں اور غموں میں شریک ہونے سے انکے غم آدھے ہو جاتے ہیں۔ خدمت خلق وقت کی ضرورت ہے۔ بہت بڑی عبادت ہے کسی زخمی دل پر محبت اور شفقت کا مرہم رکھنا، کسی بیمار کی عیادت کرنا، کسی بھوکے کو کھانا کھلانا، مسلمان کا فرض بھی ہے اور سنت رسولؐ بھی۔ یہ عظیم نیکی اور ایمان کی علامت ہے۔ خدمت خلق میں صرف مالی امداد شامل نہیں بلکہ کسی کی رہنمائی کرنا، بھٹکے ہوئے کو راستہ دکھانا، کسی کو مفت تعلیم دینا، کوئی ہنر سکھانا، اچھا اور مفید مشورہ دینا، برائیوں سے روکنا، راستہ سے تکلیف ہٹانا، منزل تک پہنچانا، کسی غریب کی بیٹی کی شادی کا خرچ، بے روزگار کی نوکری کا انتظام کر دینا، کسی پرندے کے دانا پانی کا انتظام کرنا بھی خدمت خلق میں شامل ہے۔ ہم ایسے پیشہ ور فقیر کو روز پیسہ دیتے ہیں، اگر اسے پیسہ نہ دیں تو وہ جگہ بدل دے گا۔ اور اگر ہم محنتی انسان کی پیسہ سے مدد کریں تو وہ دنیا بدل دے گا۔ اللہ تعالیٰ ہم سب میں خدمت خلق کا جذبہ پیدا کرے۔ آمین

کتنی اچھی گڑیا میری

کتنی اچھی گڑیا میری ہے یہ زہر کی پڑیا میری
جلدی بستر پر جاتی ہے روز سویرے اٹھ جاتی ہے
رہتی اسکی صحت خوب کرتی ہے محنت جو خوب
دودھ جلیبی کھاتی ہے دن بھر شور مچاتی ہے
خوب مزے سے لکھتی ہے دل بھی لگا کر پڑھتی ہے
تیز بہت ہے پڑھنے میں مشق ہے کرتی لکھنے میں
گھر جب کوئی مہماں آئے جلدی سے دسترخوان بچھائے
ساتھ میں ان کے بیٹھ کر کھائے کھانے کے آداب بتائے
بولے داہنے ہاتھ سے کھائیں لقمہ کو سب خوب چبائیں

ہمارا قومی پرچم

ہم ہر سال قومی تہوار کے موقع پر ترنگا جھنڈا پھیراتے ہیں۔ یہی ترنگا ہمارا قومی پرچم ہے۔ ترنگا ہمارے قوم کا فخر ہے۔ ہم سب ہندوستانی اس کی عزت کرتے ہیں اور اس کے لئے ہر وقت اپنی زندگی تک قربان کرنے کے لئے تیار رہتے ہیں۔ قومی تہواروں کے موقع پر جب ہم اس کو سلامی دیتے ہیں تو گویا سارے ہندوستانیوں کو سلام کرتے ہیں۔ قومی پرچم کی کہانی دراصل ہماری آزادی کی جدوجہد کی کہانی ہے۔ ہم سب جانتے ہیں کہ بابائے قوم مہاتما گاندھی کی رہنمائی میں کانگریس نے آزادی حاصل کرنے کے لئے ترنگے جھنڈے تلے ایک لمبے عرصے تک بڑی بہادری اور صبر و ہمت کے ساتھ جدوجہد کی تھی، اس لئے جب ۱۹۴۷ء میں قومی پرچم بنانے کا مسئلہ سامنے آیا تو تھوڑی سی تبدیلی کے بعد اس ترنگے کو قومی پرچم بنادیا گیا۔ فرق صرف یہ ہوا کہ چرنے کی جگہ نیلے چکر نے لے لی، جس میں چوبیس تیلیاں ہیں۔

اس چکر کی بھی اپنی ایک تاریخ ہے۔ اب سے لگ بھگ دو ہزار سال پہلے اشوک نام کا ایک مشہور بادشاہ گزرا ہے۔ وہ اپنی وسیع سلطنت پر حکومت طاقت سے نہیں، پیار، امن و صلح کی بنیاد پر کرتا تھا۔ اس نے اپنے نیک پیغامات کو پھیلانے کے لئے جگہ جگہ ستونوں میں سے ہر ایک ستون پر اپنے خیالات لکھوا دیئے تھے۔ ان ستونوں میں سے ایک ستون ورنسی کے پاس سارناتھ میں ملا ہے۔ اس ستون کے اوپری سرے پر چار شیر ہیں اور ہر شیر کے نیچے ایک چکر بنا ہے۔ اشوک کا یہ چکر اس کے بلند اور نیک خیالات کی نشانی ہے اور آج یہی چکر ہمارے ملک کی ترقی اور ایکتا کی علامت ہے۔

ہمارے قومی جھنڈے میں تین رنگ کی پٹیاں ہیں۔ سب سے اوپر کیسری، بیچ میں سفید اور نیچے ہرے رنگ کی پٹی ہے۔ کیسری رنگ قربانی اور بہادری، سفید رنگ امن، پاکیزگی، سچائی و علم اور ہر رنگ ترقی اور خوشحالی کی نشان دہی کرتا ہے۔ اس طرح ہمارے قومی پرچم کا پیغام یہ ہے کہ ہم ہمیشہ ایثار، قربانی اور بہادری سے اپنے وطن کی حفاظت کرتے رہیں گے۔ ہم ہمیشہ سچائی اور امن کا دامن تھامے رہیں گے اور ہم سب مل کر اس بات کی کوشش کرتے رہیں گے۔ ہمارا ملک دن دوئی رات چوگنی ترقی کرے۔ ہمارا قومی پرچم ہماری آزادی اور اتحاد کا نشان ہے۔

اب کے برس جو آئی سردی
دن میں سردی رات میں سردی
جن و بشر کو لگتی سردی
دھند کا یہ عالم ہے اب کے
سڑکوں کا بھی حال برا ہے
ڈر ڈر کے اڑتے ہیں جہاز
بند ہوئے سارے اسکول
گھر میں ہیٹر باہر آگ
آخر سارے کرتے دعا

اس نے ایسی حالت کر دی
ہر پل سردی ، ہر دم سردی
سارے بدن میں برف سی بھردی
چلتا ہے سورج بھی چھپ کے
ریل نے چلنا روک دیا ہے
سست ہوئی انکی پرواز
بچے گھر میں بیٹھے فضول
سردی شاید جائے بھاگ
اس سے راحت دے تو خدا

بدلو دنیا علم سے

لوگ اپنے حالات بدلنے کے لیے پریشان رہتے ہیں۔ مگر وہ یہ نہیں جانتے کہ علم حاصل کر کے وہ خود کو ہی نہیں دنیا کو بھی بدل سکتے ہیں۔ مذہب اسلام نے یوں ہی علم کے حصول پر زور نہیں دیا ہے بلکہ علم کا حاصل کرنا مرد اور عورت پر فرض قرار دیا ہے۔ افسوس اس بات پر ہے کہ لوگ چند ڈگریاں لے لینے کو ہی علم کا حصول مان لیتے ہیں جبکہ اسلام کہتا ہے کہ ماں کی گود سے قبر تک علم حاصل کرو۔ اس سے بھی سمجھا جاسکتا ہے کہ علم حاصل کرنے کی کوئی عمر نہیں۔ گھر اور سماج وہی بدلتا ہے جہاں یہ سوچ ہو کہ بچے اپنے لیے علم حاصل کریں گے اور والدین اپنے لیے۔ نیلسن منڈیلا کی اس بات سے عدم اتفاق کی گنجائش نہیں ہے کہ : علم ایک بے حد طاقتور اسلحہ ہے جسے آپ دنیا تبدیل کرنے کے لیے استعمال کر سکتے ہیں۔

ORIGAMI COMPETITION

Orizumi first translates the concept of *wa* (harmony) and *gan* (balance) into English. If it is the output of a paper, the drawing, which is associated with Japanese culture, the goal is to transform a flat square piece of paper into a finished sculpture through folding and sculpting techniques. Origami is not only fun but it is also a valuable method of developing behavioral skills, cognitive development, a link to the past, and a way of expressing this link. One Inner House Origami Competition from 1985 to 1987 was organized in Unity College. The pre-primary classes participated to and created the aura with their childish but attractive paper crafts like birds, flowers, hats, human figures, etc. These classes I observed, it was a pleasant surprise to find that the middle grades folding and crafting paper into unique objects like jewelry boxes, boxes, butterflies, flowers, dolls and so on. Their inventiveness and artistic skills were acknowledged and appreciated with prizes by the winners. In 1990, the principal Mr. Francis Costello applauded the meticulous art skills of the students and appreciated the tireless efforts of art teachers.

RECITATION CONTEST @ UNITY

Remittance men, a group of colonial rhythmic dancers, and a literary scholar that sings, bounds the audience? The entrancing image resonates many miles when the poems are recited by costume stars. Only *Class* could do this, one of the most entrancing openings in the present season. The show is a triumph, and it's very in your face. You need it, if you want to witness a piece of modernism of the kind that the event stages.

It is Shakespeare, *Class* does set up a mad world on show. *Class* I transposed the characters of the play to the modern world, and the characters, their own Shakespeare's World, is *Seven Years Ago*, *Class* II spread an Epicurean of smiles across the world with their affectations on stage and their beautiful articulation. *Class* I-C with 'low' *They* and *Skip!* presented a picturesque scene with different creatures in a ship, while *Class* II-A with *Drops* was a tender depiction of Mother Nature. The same *Class* II-B with *My* was a tender depiction of Mother Nature, but with a more human face. Last but not the least, *Class* II-C presented *My Mother* told of emotion. The group became extra actors as the students had their mother's spirit in their hands. *Class* I-C and II-C were adjudged the winners of the competition. The Principal Francis Chaudhary appreciated the performances highly and commended the students and their teachers.

DEBATE @ UNITY COLLEGE

Debate is an academic activity that gives students the exposure to critical thinking and out of the box views, besides honing effective communication skills. With the same perspective in view, Unity College organized the Inter-House Debate Contest on October 17, in two categories: Junior for Classes IX and X, and Senior for Class XI and XII. The teams were presented with the resolutions: 'Social networking is making us anti social' and 'Community service should be compulsory for all students' respectively. It was followed by an hour of preparation for the argument. The idea behind giving a brief time for preparation is to encourage the students to keep abreast with the current events and controversial issues to prepare for such debates.

The occasion was graced by the presence of Founder President S.K. Sadiq and Secretary Najmul Hasan Rizvi. Dr. Sadiq was overwhelmed to see the college flourishing towards the zenith. He stressed on equal enthusiasm for active participation among boys and girls. He further added that progress will be at stake if only one sex is empowered.

The debate commenced with logical views and counter-views. The debaters used various skills like overstatement, definition, rhetoric, irony, anecdotes, etc. to convince the audience. All the debaters exhibited great rhetorical skills and confidence. The debate turned heated and interesting in the rebuttal round that was enjoyed profoundly by the audience. The Judges Farha Naqvi, Academic Advisor of UEP and Shabana Ahmed Principal of Unity College II shift applauded the young debaters and expressed their amazement by acknowledging the creditable performances by the students in such a short span of time for preparation.

CHILDREN'S DAY
 It is rightly said, 'God is closest to children because their hearts and minds are pure and innocent.' Their selfless love and innocence still fills one and all. To lead the innocent childhood, Unity College celebrated the Children's Day in a special assembly conducted by teachers. It commenced with the divine invocation followed by the teachers' pledge to groom students into successful warriors and good citizens. They also rendered melodiously the child's prayer penned by Iqbal, 'Tab-e-azadi hai dost'. The programme proceeded to games and groupings of Children's Day. A short speech was delivered addressing the children with the significance of the day and a brief history of it. Jawahar Nehru, a number of funny games like tongue twisters, spelling water balloons and drawing of balls were played by the children. Ms. Nishat Akbar

Infusing the portals of Unity College with her charm of Urdu, Ms. Nishat Akbar left for her heavenly abode, after relentlessly serving the institution for over 16 years. A favourite of every student, Ms. Akbar was able to cast a stark impression in the hearts of her children through her tender and loving relationship with them. As a Primary Urdu teacher she enhanced the beauty of her subject through marvellous ideas of creativity and further helped in instilling values of fairness, hard work and academic achievement in all her children. With twinkling eyes and a smiling face, Ms. Akbar who always overcame her ordeals with ease, left many hearts shattered due to her sudden demise.
