From the President's Desk

Once again my opportunity to communicate with you has arrived. This is one occasion I look forward to all through the year. It is an occasion to rejoice our success, introspect our initiatives, admit our errors and share our future plans. I would like to laud the efforts of our teaching staff who are leaving no stone unturned to impart quality education to our children. This year their success is manifested not only in excellent examination results but also in the fact that Japan has invited eleven College students to visit their country and share and learn the Japanese model.

Last year in my message I had reaffirmed our faith in **UNITY** and urged to revive our pledge of 'Meaningful education for all'. We defined and implemented our policy of inclusivity in imparting modern and quality education to all with a special focus on the socially and economically backward class. It is through this effort that the **Unity** movement has seen a tremendous growth not only in Lucknow but in all institutions across the region. The school management not just focussed on subjects in the curricula but on the overall personality development of our students.

When I started my journey on this ambitious movement, my aim was to help create a society of educated people who will rise above socio-religious and sectarian level and believe in a pluralist society providing opportunity to all with love and passion for fellow human beings. I am well aware that my dream could not be fulfilled in one day or one year or may be in our life time but yes I have the satisfaction that we have laid a very strong foundation. I am sure that you all will not only share my dream but will work along with me in our '**Unity Movement**' which is based on unity of all faiths, assimilation of all social and economic entities and acceptance of unity in diversity. Finally, I will appeal to our students to carry forward our mission by excelling in examinations and becoming role models for the entire nation.

I will conclude with a couplet from Allama Iqbal:

*Apni Duniya Aap Paida kar agar Zindon mein hai
Sirr-e-Adam hai, Zameer-e-Kun Fikan hai Zindigi*

(If you are among the living, craft your own world
Life is the secret of Adam, the essence of the words Be and It Was)

May the Almighty bless you all!

Dr. S. Kalbe Sadiq

From the Secretary's Desk

I am proud to see our College Editorial Team and students working towards the compilation of this year's edition of Unity College Magazine. It is surely going to unfold the unraveled world of the most unforgettable and precious moments of the College during the academic year 2019-20.

Efforts have been made to make this Magazine as a launch pad for the children's creative urges so that they get empowered to perceive, observe, explore and to express. I am sure that this Magazine shall be able to meaningfully accomplish its objective. The positive attitude, hard work, sustained efforts and innovative ideas exhibited by our students under the mentorship of their teachers will hopefully be good enough to earn appreciation of the readers of our College Magazine.

Helen Keller rightly says, *"The world is moved along, not only by the mighty shoves of its heroes, but also by the aggregate of the tiny pushes of each honest worker."* This herculean task of editing and producing this College Magazine would not have been possible without the sincere efforts of the members of the Editorial Team, Students, Teachers and of course, our College Principal. I take this opportunity to thank all the contributors for their efforts in making this Magazine endearing to our readers.

I heartily wish to convey my best wishes to all the readers and hope this souvenir will not only enjoy their appreciation but also earn your much needed critical evaluation so that it may continue to play a vital role in the all-round development of our children.

Wishing you a safe and healthy year ahead!

Najmul Hasan Rizvi

From the Jt. Secretary's Desk

The College Magazine is a very good communication medium between students and the management of a college. This time I would like to share with our students the present economic situation of the country. As per reports appearing in the media, the economy is in a bad shape and it has adversely affected the employment scenario. While some of the college pass-outs may get employment, others will have to look for other options. One such option is 'Entrepreneurship'. A layman's definition of Entrepreneurship is "The activity of setting up a business, taking on financial risks in the hope of profit." I would advise our students to develop some special skills to become successful entrepreneurs. These are commitment, courage and competence, also known as the 3C's of success

To become an entrepreneur, following steps may be taken:

- Find the right business for you.
- Assess if you need some education/ training
- Plan your business
- Find your target group
- Network
- Sell your idea
- Market

Wishing you to be a good entrepreneur!

Dr. M. Talha

From the Principal's Desk

"Every child has a different learning style and pace. Each child is unique, not only capable of learning but also capable of succeeding."
Robert John Meehan

As every child is an individual with unique interests and capabilities, he deserves to set his aim of life correspondingly. And he attains success as well, braving through difficulties and hindrances. But to achieve his goal, he has to initially decide his goal with crystal clear concepts. Then, nothing can prevent him from reaching his target. Even an average performer in academics or low ones too with set goals can claim heights. It is all a matter of stirring passion and sincerity plus right career choice.

To succeed in life, perseverance and commitment are required. Those who bank on others can never be successful. Here we are aligned with the vision of Buddha, "Be your own lamp." No one can stand by you for long. Moreover, one should not wait for an opportunity, but find and work on it. The world is a witness, one who aims for the selfless service of humanity, leaves a trail of indelible footsteps to be followed. A far-sighted man deals with situations promptly, wisely and courageously. Hence, belief in oneself, dedication and determination proceeds to accomplishments. It is the lofty goal and single-mindedness that made Kalpana Chawla and Sunita Williams scale the soaring Space.

School plays a central role in recognizing latent talents and interests, and guiding the aspirants ahead towards promising careers too. The career counselling services not only help a child know his personality type but also gains confidence for their chosen pathways. Subsequently, he is able to carve a niche for himself in this hi-tech, competitive world.

I take immense pride in the ever ascending demo graph of ICSE and ISC Board results. I heartily congratulate the students and parents, and especially the teachers for this year's brilliant score-the highest being 93.6% and 95.50% while the average being 75.50% and 81.22% respectively. Of course, it's the diligent team work that almost all the students passed with flying colours. I am also grateful to President Dr. S. Kalbe Sadiq, Secretary Mr. Najmul Hasan Rizvi, Joint Secretary Dr. M. Talha and the Management for their able guidance and ready support. Lastly, I thank my non-teaching staff too without whom we cannot have daily executions smoothly.

All the Best....!

From the Counsellor's Desk

*"Promise me you'll always remember:
You're braver than you believe,
And stronger than you seem,
And smarter than you think."*

Elizabeth Rudnick

This optimistic approach goes true with the extensive counselling programme running at Unity College. The Counsellors' Team works sincerely with a great vision to guide and empower the students to be stronger and happier in life, to be able to brave through academic and social challenges.

As the world today is changing rapidly and diversely, when the young children think they've learned or have mastered one thing, something new comes along. We help students see the opportunities in this change, develop their self-confidence and self-concept. In this way, we support the students pass from childhood to adolescence to young adulthood with self-reliance and self-composure.

We provide assistance to boost our students on the lines of Maya Angelou- '*Success is liking yourself, liking what you do, and liking how you do it.*' Our endeavours inject a hearty dose of inspiration in the students who feel low. And the gifted students are channelized towards more productive and innovative output. Above all, our foremost strategies and implementations are designed for special students who need more attention. We help them come out of their negativities and imbibe positive traits and interest in academics through regular enhancement programmes and counselling.

Every child is different in his/her personality due to individual differences. As Counsellors, we hold regular meetings with students individually as well as in groups to solve their problems which may be academic, behavioral or emotional in nature. We ensure our students become the productive, well-adjusted adults of tomorrow. To foster students' academic, career and personal/social development, our College Counselling Programme conducts and coordinates regular personality workshops, career counsellings and visits of successful ex-students. Students as well as Parents' Orientation programmes are also held regularly.

We the Counsellors at Unity College wish our students to be successful in the education system, besides being happy and noble beings....!

From the Editor's Desk

"The function of education is to teach one to think intensively and to think critically. Intelligence plus character - that is the goal of true education."

Martin Luther King, Jr.

Greetings and a warm welcome to the readers of our current issue of the College Magazine. Education is the most powerful weapon that can be used to change this world. The energy we get from education can either be used for destruction or to illuminate the world. It depends how we use it.

Here, I am proud to state that our prestigious institution has been successful in developing such an atmosphere where each and every child is quite able to use his/her energy positively. The various reports, articles and drawings in this edition reflect the creative energy of our students and their emerging abilities to seek higher goals. We at Unity provide umpteen opportunities to our students to nurture and portray their talents through various creative competitions throughout the year. The results are well scrutinized and then published in the Annual Magazine.

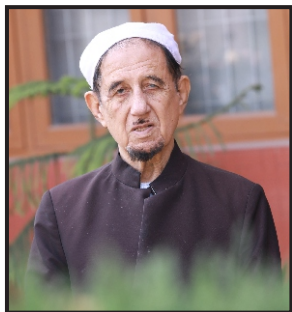

I am sure, this Magazine is a kaleidoscope of our College not only within the campus but also outside, be it academics, sports, cultural or social fields.

I am elated to manifest my deep recognition and acknowledgement to our Principal and the Management for their persistent support through the entire planning and publication of this Magazine. I would like to thank the entire Editorial Team for the grueling task of collecting and editing the content for this Magazine. This great work is not possible by a single mind, it was a successful team work.

We are not free from flaws; any suggestions or reviews for further improvement shall be gratefully accepted and incorporated in the subsequent editions. Finally, from the entire Editorial Team, I wish you all happy reading.

HOUSE REPORTS

GANDHI HOUSE

"Coming together is a beginning. Keeping together is progress. Working together is success."
– Henry Ford

This year was another excellent year for Gandhi House. An ensuing struggle from start to the very end witnessed the boys and girls fighting well. Committed efforts in both academic and extracurricular endeavours taught them important lessons of life. They learned from their losses and victories as the academic year came to an end. The Captain and the Vice-Captain had guided the House members on all fronts and played a vital role in leading their House to victory in many events. Be it Debate, Quiz or Sports events, students gave their best to win laurels and gain House points. We find a lot to cherish and be proud of.

Starting with the Wall Magazine Contest which gave the opportunity to stand 1st and 3rd consecutively in two quarters. In the Quiz Competition we scored 2nd position. The Quiz and Wall Magazine Contest was followed by the Debate Competition in which Maliha Raza and Nabeela Idreesi won the Best Speaker award. In sports we stood 1st in Badminton (Jr. Doubles), Basketball (Girls) and Volleyball (Boys). The boys and girls performed admirably well and made us all very proud. The achievements on the field were a precursor to the future achievement which our boys and girls will aim for.

Participation in various activities brought honour to the House and gave the students a sense of pride and victory. The individual efforts of all the House Teachers need special appreciation and thanks.

IQBAL HOUSE

“Accept the challenges so that you can feel the exhilaration of victory.”

– George S. Patton

The quote rightly speaks about the bumpy ride of Iqbal House with hope and despair, success and failure in the session 2019-20. The yellow colour of the House stands for freshness, happiness and positivity. We, the members of the Iqbal House were full of enthusiasm and aspirations for a healthy competition on all fronts.

The session commenced with the Investiture Ceremony of new office bearers- House Captain Mariyam Fatima (XII-A) and Vice-Captain Md. Mehdi (XII-C). The day began with the oath taking ceremony and our House representatives were decorated with badges and sashes. We promised to keep the flag of our House flying high.

The House activities sparked off with the Wall Magazine Contest in April. The House did extremely well and clinched the 2nd place. As far as English, Urdu and Hindi literary programs were concerned, we participated with great preparations as well as gusto. We worked very hard and clinched the 1st position in Urdu, while in Hindi we got some individual prizes.

The sports programmes for the year began with Kho Kho and Table Tennis. A lot of hard work and sweat went into training the players and finally the hard work produced rich dividends when our players outdid other Houses in Kho Kho and Table Tennis, and got the 2nd place. We got the 1st place in Basketball.

The year witnessed great fluctuations; we won some and we lost some. Victories were cherished and failures were accepted with dignity.

In the end, we would like to thank all our House Teachers for their support and constant guidance and all the student members for the star performance, and wish all a brighter success in future.

Best of Luck!!!

SIR SYED HOUSE

We believe, "With time and patience the Mulberry leaves become a silk gown."

The colour Blue is associated with the sky and the sea. It also symbolizes strength. Blue carries a message of hope. The House lived up to the meaning of the colour and touched the sky bringing laurels. It proved its mettle in a spectrum of activities organized by the College.

Putting its best foot forward the House stood 1st in the Cricket Tournament (Juniors) and the G.K Quiz (Seniors).

Not lagging behind too much in other events the House managed to get the 1st position in the Kho Kho Competition (Seniors and Juniors), Volleyball (Juniors) and Football (Seniors).

"You can't win unless you learn how to lose", the House, despite giving its best had learned to work hard and strive to achieve the best in various House activities.

Sir Syed House pushing aside all the disappointments is gearing up for the next session and hopes to give tough competition to its rivals and has pledged to work harder and clinch the Champions' trophy next year.

TAGORE HOUSE

"Talent wins games, but teamwork wins championships."

-Michael Jordan

With this in mind, the appointed office bearers of Tagore House began the academic year of 2019-2020 with the dream of winning the Champion House Trophy. The year began with the Investiture Ceremony wherein Mohd Jafar Naqvi was appointed as the House Captain, Bisma Fatima as Vice-Captain and Mariyam Rehman as Prefect.

Throughout the year, the whole House fought to the finish, and it was interesting to watch the students as they held up their face in the stiff competition.

The first event was the Table Tennis Tournament in which the House showed fantastic display of team spirit and coordination and won the 1st position. The House performed well and outdid the other teams by winning the Inter-House Quiz Competition and the Inter-House Debate. They added another feather to the cap by winning the 1st position in the Inter-House Badminton Tournament (Sr. Boys).

An exemplary performance was shown by Shubair Alam who not only won the races at the Inter- House level but at the State and Regional levels too. He made us proud by bagging the Bronze Medal at the National level of AISCE National School Games 2019- 2020.

The talented Tagore House has always proved with its accomplishments that they are a family of talent. We hope to take part in each and every event and competition with even more vigour, enthusiasm and team spirit next year. We are very thankful to each and every member of this House and very grateful to God Almighty for the blessings.

The Quran is an ocean of knowledge for practice.

He spoke about the Japanese Scientist Masaru Emoto, who discovered the effect of our thoughts and vibrations on the molecular structure of water, said that the most beautiful crystals are those formed after the water is exposed to the words of 'love and gratitude'. The fact that the human body contains 70% water, our positive thoughts will have profound implications on our health and the well-being of the planet. Thus, Masaru exposed the hidden message of water - the most important element in every existence.

Maulana Baqri advised the students to stop wasting their time on mobile phones and other forms of entertainment. He urged to make their life go round and round the light of knowledge as the earth moves round the sun.

The prescribed daily five times namaz adds positivity to the human beings as well as to the world. He referred to the Quran (Surah: 21, ayat: 30) that says Allah made every living being from water. It is we human beings whose misdeeds are destroying the planet. We must respect our planet and keep the water clean.

While replying to a question about Islamic teachings in order to deal with the clashes between different religions/cultures and communities, he quoted the Quran (Surah: 6, ayat: 108) that reads, 'And do not insult those who invoke other than Allah..... We have made pleasing to every community their deeds'. Thus Islam teaches to co-exist with love and affection, never to clash.

In conclusion, Principal Mr. Francis Castelino proposed the vote of thanks and said Allama Baqri's presence was a great blessing. His glorifying words touched our hearts and minds to save humanity.

"Graduation is not the end; it's the beginning."

- Senator Orrin Hatch

Indeed, the Prep Graduation Ceremony was a warm goodbye to the cuddling lessons of Pre-Primary classrooms as well as an exciting welcome to the challenges of formal school beginning at Class I. The day brought with it a roller coaster of emotions for the grads and their parents alike. Prep Graduation Day 2020 was celebrated on 13th March to felicitate the young graduates of Pre-School. Ms. Nutan Singh- Principal, Vidyagyan School, Shiv Nadar Foundation, graced the occasion as the Chief Guest. Principal Mr. Francis Castelino formally welcomed the dignitaries, parents and the audience, and said as is the College motto 'Excellence in Education', it works for quality education to reach the marginalised section of the society and also monitor keenly the employability of the students. Ms. Nutan said she had a wonderful time watching the fabulous Programme. She urged the teachers and the parents not to curb a child's creative & imaginative skills, not to condition their minds about the aim of life, but persuade them to be good humans first, and to be able to differentiate between right and wrong, and also to imbibe the rich values and ethics. College Secretary Mr. Najmul Hasan Rizvi was overwhelmed by the excellent performance- so impressive, so synchronized and didactic too. He said the parents should not fully depend on the school alone for their wards' holistic development, but give their contribution as well to make these kids shine brightly like distinct stars.

The function waved a soulful beginning as the children rendered the Holy Scriptures to invoke the divine blessings. First in the order was the mesmerizing action song 'Ek tu hi sahara' by the little performers of Upper Nursery. That was indeed a phenomenal, musical show bringing home the message of peace against atrocities and violence. It was followed by a mind-blowing skit based on the adverse transitions in life style caused by mobile addiction and its ill effects. And the immediate response was loud applauses. The most important part of the event was the felicitation wherein the proud tiny tots of Class Prep dressed in their Graduation Robes and Caps marched smartly on the dais to receive their scrolls of honour. Broad smiles writ large on their faces marking the jubilant achievement. The day culminated on the high notes of big dreams and best wishes.

ZOOS SHOULD NOT BE ABOLISHED

Zoos should not be abolished because they educate the public about animals. We get to see different species of animals and learn a lot about them. We learn how they eat, sleep, play, etc. Zoos save endangered species by bringing them into a safe place where they are well cared for. We enjoy watching them whenever we go for a picnic with our family and it becomes a memorable experience. We play in the play zone area of the zoos. There are many more advantages of zoos due to which zoos should not be abolished.

SECOND CHANCES

Some questions may always remain unanswered.

Some words may always remain unspoken.

Some paths may always remain untraveled.

Some mistakes may always remain unforgiven.

Some beauty may always remain unfelt.

Some ideas may always remain underrated.

Some stories may always remain untold.

Some riddles may always remain unsolved.

Some promises may always remain unkept.

Some wounds may always remain unhealed.

Some dreams may always remain unchased.

Some lives may always remain un-lived.

Embrace that second chance. You deserve it- a second chance at anything you have a fear of. All you have to do is put your trust in God and the heart will let go of the numbness.

Second chances are always worth it.

VIDEO GAMES

Video games are not good for us as they have restricted the lives of the young generation to some addictive games like PUBG, Free-Fire and Ghosts etc. These days youngsters are very much addicted to playing games which is affecting their education and productivity. Those who play games during exams also, fail and lose their confidence. It deeply hurts the parents who work really hard for a good future of their kids who in return are just wasting time over some foolish games. Sitting in front of the screen for long hours also weakens their eyesight and memory. It makes a person lazy and inactive.

So we should take up some hobbies and become smart instead of wasting time on video games.

LENGTH OF MY STRENGTH

I turned myself a little more to right
Where I found my reflection on the wall,
And made sorts of visages from
That aimless sight.

I looked again to the way I was dressed,
In those dusty clothes and crease folds,
I endeavour to give
A hitch to my top,
And named my hair to owe some
Charismatic trolls.

When I heeded to the inches of my length,
I transformed my posture straight
In that attempt.

Then I mused, 'Is standing with a
Straight posture a measure of my strength?'
Or I perceived, 'It was the length of
My strength.'

'How long is my strength?' was the
Question next
Measured it in the pride,
With high held chest and in taking breath.

Where the strength lies?
Is it in the melancholic me?
And found strength in the act,
Of being sad and expressing glee.

To think about the weaknesses of my
strength,
Was necessary then,
It was an answer from the soul,
'To find any weakness is the only
Weakness of your strength.'

Instilled image of defining strength,
Was to straighten the backbone and
Hold a higher chin,
With a brave smile worn,
For the reason unknown.

Later I realized,
Strength is actually the potential inside,
Not the stiffness exhibiting outside.

Straight posture, brave smile are acts
Meant just to confuse,
Because brain and heart are
Playing games and are literally fused.

Thou inspect inside the mind,
Are glee, wrath and melancholy?
What you find?
Or a place secure,
Where true strength is lying for sure.

IT'S ALL ABOUT ATTITUDE

Attitude is a way of life. We have a choice everyday regarding the attitude. As they say the only difference between a good day and a bad day is your attitude that you wake up to for that day. This is the truth which is accepted by most of the successful people of the world whether it is a doctor going for a surgery or a businessman going to launch a new venture. Thus, a correct and willful attitude is the key to success in life. Attitude is a good thing and a bad thing also as it breaks friendships, relationships etc. My advice to everybody reading this article would be to always lose your attitude to your relationships and always have a positive attitude towards life to get the best out of it.

MY FAVOURITE CARTOON CHARACTER

My favourite cartoon character is Chhota Bheem who is an adventurous and fun-loving boy, from the hit series on POGO channel. The character Bheem lives in Dholakpur which is ruled by King Indravarma. The king loves Bheem for his brave acts. Bheem protects the kingdom from evil people like Keechak, Kirmada and Mangal Singh. He always fights for justice and is not afraid to face any challenge. I like Bheem because he is very strong and fearless. Bheem's friends are Chutki, Jaggu, Raju and Kalia who are equally fun-loving. They do adventurous things together. Bheem is always very helpful to the people of the kingdom and is a very strong character. I would like to become as helpful and strong as Bheem.

A NOTE FOR MY JUNIORS

I am a College Cabinet Member. I have got this precious opportunity to guide my fellow friends. I always try to be nice and helpful to them. Since I behave well with them, they also behave in the same manner with me. When a teacher doesn't come to the class, I help them to be quiet and maintain discipline by peacefully playing games or doing fun activities. I am happy because I am able to do my duties well and maintain the decorum of the school. It gives me happiness as I am able to do my duties well. I wish my juniors all the best for the same opportunity and wish that they are able to understand its importance and do their duties with full dedication.

'DAUGHTER' – THE MOST BEAUTIFUL GIFT FROM GOD

Daughter is one of the most beautiful gifts this world has given us and she should have equal rights as sons. Women equally participate in the process of life and existence on the Earth.

We, humans are surrounded by so many relationships and each of them is special, but one of the most loving and special relationship is that of a daughter. As a daughter, a woman is the greatest support to her parents and is always ready to sacrifice for the benefit of the family. However, there are people even in the present time who think that the birth of a girl is a burden and curse to the family. But the very same people forget that they came into this world from the very womb of a woman only.

Various campaigns like “Save the Girl Child” and “Beti Bachao, Beti Padhao” have been brought to existence for the welfare of women but not much progress has been made so far. We need to do something to change the situation of women in the society.

She is a daughter. She is a wife. She is a sister. She is a mother. Respect women!

RAIN

Big and cool rain drops,
Coming down the sky.
Grey clouds floating in the sky,
Are now going to dry.
The breeze is cool and swiftly
blowing,

And the rivers are flowing.
Let's say hello to the rain,
And say bye-bye to all our
pain.

Let only happiness remain,
Like a rainbow after the rain.

Hand in hand or in a row.

Wherever you go, I love to come after you

Blue is the sky and white are you.
Clouds in blue,
I too want to fly with you.

DREAM, PLAN, ACT AND ACHIEVE

One of the most amazing things in humans is to dream. We must aspire to achieve our dreams. But all this is not easy. We must work really hard for it. For planning to achieve our dreams, we should sit in our leisure time and think about how we can become what we aspire to and in what ways we can achieve success or in what manner we are supposed to work towards achieving it. Firstly, we have to stay open-minded and consider all the opportunities that come our way. We should visit new places, meet new people with pleasure, try to learn new things and also try to understand them. The most important thing is to not sit idle. Even if the world is against you, 'ACT'. The goal is to achieve something in life. It is very important to receive good education. All the jobs and success in life require a decent education. It's your life and you have to try. Do not waste it. Achieve what you want.

EXTREME CLIMATE CHANGE

Nowadays, Earth's climate is changing very rapidly and unexpectedly. Have we ever thought about the reason for it? No, we humans never bother about the condition of our planet. We are becoming very selfish. We don't even think about what will happen to the future generation. If our attitude remains like this towards Nature, then certainly one day this earth will become an uninhabited planet. Our irresponsible actions are not only affecting us but also the poor and the meek animals.

Global warming, which is one of the most common cause of Climatic Change is increasing very rapidly. The ice of the glaciers is melting in large amounts that is leading to increase in water level of the seas, oceans and gulfs which is causing floods. This happens when the ozone layer is destroyed by pollution or increase in the percentage of carbon dioxide. Floods are also the cause of the climatic change. In India, floods are very common. The flood prone areas are Punjab, Haryana, Uttar Pradesh, West Bengal and North Bihar, most of the Gangetic plains, the Brahmaputra Valley, Coastal Andhra Pradesh and Orissa and Southern Gujarat. Thousands of people die and many fall ill just because of this climatic change. Sometimes the climate becomes too hot and sometimes it is too cold. It changes very rapidly. Deforestation and cutting of trees leads to increase in the percentage of carbon dioxide and soil erosion.

Nowadays people suffering from viral fever, stomach ache, head ache and vomiting has become very common. This happens just because of the careless attitude of people towards their planet. It's time we realize the importance and benefits of trees. Despite knowing the fact that life without trees is impossible, we just ignore it. We, humans, are only responsible for these changes and it's only us who can bring about a change again for the positive.

We must prevent climate change and for this we should cut trees no more which leads to Global Warming. We should use CNG vehicles for travelling and other eco-friendly ways of life. If we don't protect our natural environment now, Earth will no more be the planet which holds LIFE.

FROM EVERY GIRL'S HEART

Do you ever ask girls what they want? Whether they want a normal life like boys? Why do the elders say that daughters are a burden to them?

In fact, daughters are God's gifts to the parents, but do you know that in ancient times, if a girl child was born to a family, she would be killed or buried?

Do you know how much do girls struggle to adjust in a new family when they leave their houses after marriage? They pretend to be happy but sometimes they are not. Girls are very soft hearted. People think that they are losers but in reality they are winners. So please treat girls equally.

MY WEIRDEST DREAM

It was full of horror,
It was full of amazement,
It was full of honour,
It was full of displacement.
It was the world under the sea,
Where I was among coral reefs.
A merman and a mermaid saw me,
They took me for a thief.
Just as they saw my two legs,
I was holding a gun,
They started laughing at me.
Calling me the tailless one,
They said "What are you holding?
It looks like a shiny rock".
As the gun was new,
They had a little shock.
They took me to their king;
I was afraid then.
He laughed at me loudly,
Giving me a pen.
Then the king was furious,
He called his soldiers to arrest me.
I was locked in the prison,
I only got to drink a cup of tea.
Some said that I was a thief,
Some said I was a giant.
As I was bigger than all of them,
Some said I was a kid.
I was very afraid,
The night that I passed there,
But finding a hole in the prison,
I was less afraid as the shining gems were taking my care,
And I saw the minister eating an ice-cream.
Thank God! It was a dream.

A DAY WITHOUT ELECTRICITY

Electricity has become an integral part of our lives; we are much dependent on electricity. If there is no electricity, life would come to a halt. I happened to realize its importance and power when in the month of July, we had to go without electricity for one whole day. It was 7:30 pm when there was a power failure in the whole city following a heavy thunder storm. We had to live in darkness for the whole night. We reported to the Power House but the response was more irritating than satisfying, as they would take twelve hours or so to regain the power supply. We were put to great hardship. At night, I could not study. Though I tried to study in candle light, I found myself unable to concentrate. The whole colony was enveloped in "a fall of gloom". It looked like the city of the dead. There was no activity in the nearby market too with most of the shops closed.

The next morning, the newspaper reported several cases of accidents and incidents of robbery in various parts of our locality. As in the absence of light, robbers had a golden chance to steal. In the absence of street lights, the fast moving vehicles collided and led to serious accidents.

Due to electricity failure we missed the television entertainment too. The power-cut not only caused inconvenience to schools, but to offices, factories and various other work areas. When after about 18 hours the power supply was restored, I realized how much we depend on this mysterious force of all machines and modern life.

AIM FOR PERFECTION, SUCCESS WILL CHASE YOU!

'Oh, tomorrow is my exam! I will have to work hard throughout the day'. This is the most common dialogue that almost every student uses at the time of examination. Students become tensed and are unable to think of anything that would relieve them from the growing pressure of exams. But I ask, from where does this pressure arise? Exams are not meant to build pressure on students. But, we ourselves put the burden on our minds.

In the modern era of competition, everyone wants to come 1st and move forward. So, in the race to come 1st, we automatically put ourselves into a ditch. Consequently, we are unable to cope with our problems. So, what can be done in order to change this scenario? Some would believe in praying to God, visiting holy places, cramming every chapter, studying for more than 6 hours every day, etc. But as far as I think, the best remedy is to completely remove the words like 'pressure', 'tension', 'fear' and 'frustration' from the dictionary of our lives in order to stay positive and sane. We will have to change our ideology, our education system and the way of thinking. If we have any problem in our studies, we should try to talk to our teachers. Studies should be taken in such a way that we enjoy the entire process. Then our problems will be solved and everything would seem simple and easy to handle.

“Don't chase success, but chase knowledge; success would then automatically chase you”. We should try our best to become perfect and then we will see how the world bends its laws for us.

TECHNOLOGY HAS DESTROYED CHILDHOOD

Technology in today's times has become an essential need for humans right from the morning when we open our eyes to the moment we close them. I wouldn't say that it is a luxury now but technology has now become a need. We don't find children playing in the fields or making paper boats near a stream. We don't find children washing their clothes or bathing in a river. It is technology that has served as a dangerous weapon in destroying the overall well-being of children and ruining their childhood. Earlier children used to go out and play, fly kites and run in the ground. But now the grounds are deserted in the evenings since the playgrounds have been replaced by technology. The fields wait for the children to come and play but gadgets and online games have taken over outdoor games to such an extent that they don't feel excited about playing outdoors. They do not want to go out in the sun and play football; they instead play virtual football while sitting and relaxing on their couches. They do not go for cycling in a nearby park at twilight, but they do virtual cycling on mobile phones. They do not go out and race, they sit like old grandpas and grannies in the house and play. This has adversely affected the physical and mental health of children and their overall growth.

They stare at the television screen the whole day and fill their minds with all the junk. Youngsters are busy with mobile phones all day long which has hampered their studies to a destructive extent. It has further resulted in irritable behaviour giving way to talking rudely with their peers, or even yelling and hitting on encountering any kind of disturbance.

Technology has stolen the childhood of many children. Parents later regret giving mobile phones to their children. Over exposure to the screen limits the imagination and affects the memorising ability of children from a small age leading to unwelcome outcomes. It has become a nightmare for many. Childhood is the time to grow and nurture but technology has taken away the beauty of the real experience of childhood. Just like a farmer needs to monitor his crops all the time to ensure a fruitful growth, similarly parents also need to monitor the screen usage timings of their children for their better development.

WHO CAN BE A HERO?

HERO! Who can be a Hero? Who can? Who? The one who is healthy? The one who is wealthy? Or the one who has super natural powers? The image of a hero in our minds is of a man having super natural powers. But! It's only phantasm. No one has super natural powers. So the first criterion which says, 'The one who has super natural powers' is dismissed. The remaining two are 'the one who is healthy' and 'the one who is wealthy'. The one who is healthy can help anyone at any time; but his good health does not guarantee his help and the chances of becoming a hero. So we disregard one more criterion here. The remaining one, points out to the one 'Who is wealthy'. Yes, money is the biggest power in the world. If you have money, you can do anything; if not, you are nothing in this world. So the one who is wealthy is the biggest hero or can be a hero. No! It does not necessarily mean that the one having money is morally good. The people, who are engaged in crimes directly or indirectly, are mostly wealthy or rich people. So our last criterion is also rejected.

Now who can be a hero? Who can? Who? The attributes of a real hero are his morality- he should be a man of principles, nobility, kindness, empathy, loyalty and selflessness. Unfortunately, nowadays, it is difficult to find anyone who has all these qualities. But, definitely the heroes of the present age are our soldiers who are loyal to the country, ready to serve and sacrifice their lives for the country-

"I vow to thee my country, all earthly things above,

Entire and whole and perfect, the service of my love".

THE GIRL WHO TALKED TO THE ANGELS OF NATURE

Once upon a time, there was a girl named Lily. She was fifteen years old and lived with her parents and grandparents. She was quite an introvert, so she didn't talk much. Besides, she also didn't have many friends, only a few girls with whom she shared a good bond. Nevertheless, she was very intelligent and was a keen reader too. One day when she came back from school, her father and mother both began to shout at her because she was late, but it wasn't her fault. Actually, the chain of her bicycle had broken when she was returning from school. She told them the whole incident and they believed her. But the whole episode made her very upset. She also didn't have a good day at school. That day, as usual, she sat alone in the corner. She had a headache and also some anxiety issues due to some painful experiences in her past life. She quietly changed her clothes and ran upstairs to her room crying. She cried for a very long time because she felt guilty of her own self. She felt upset over how everyone scolded her all the time and everybody disliked her because of her quiet behaviour. Nobody understood her feelings and problems which she faced in her daily life. People judged her for everything and gossiped about her quiet and anxious demeanour. All this made her very sad. She became very depressed and decided to go out for a change. Thus, she took out her bicycle and rode towards the nearby lake. The lake was very calm and the atmosphere was serene, airy and peaceful. Birds were chirping and the cherry blossom trees were shedding their pretty pink flowers. Under those beautiful cherry blossom trees was a bench on which Lily sat. Suddenly, she again started crying and murmured out loud all the allegations which were thrust upon her. Hours passed in that state, when she heard a sweet voice saying, "Dear, don't cry. Everything will be alright". She was startled and a bit scared. She mustered courage to reply to that voice. Soon she narrated her woes to that unknown voice and felt relaxed and relieved. She experienced the most peaceful moments of her life and now she was happy.

When she stood to leave, she noticed a nice pretty bracelet made of cherry blossom petals. It cast a rainbow effect on her. Cheerfully, she wore the bracelet and bade goodbye to the Angelic Voice and the Blissful Peace with a lovely smile on her face. She then frequently went there whenever she felt worried and experienced the bliss of solitude.

MY STRANGEST DREAM

One day, I was very tired, so I went to bed early. No sooner did I close my eyes than I saw I was falling down from the tallest building. Suddenly, someone came to help me. I was saved by a Devil. The moment, I saw him, I tried to escape. I started running and the devil started to run after me. He was a scary creature. He had only one eye. I thought that he had saved me to eat. I tried to run fast. Soon, the devil was left far behind. I reached a beautiful island, full of flowers like roses, marigold, etc. In the midst, there stood a beautiful fort. The moment I entered the fort, the things around me changed. The beautiful land turned into a strange land. All the beauty of the land faded within seconds. I saw the Devil again. He was hastening to catch me.

Again, I started running fast to save my life. After running for some time, I met a fairy. She was very beautiful and good by nature. I asked her where I was. She told me that I was in 'Pari Lok- The Fairy Land'. She took me to the 'Rani Pari-The Queen of the Fairies'. But the Queen punished me for entering the 'Pari Lok'. As she ordered her henchmen to catch me, I quickly ran from there. I was feeling very thirsty and afraid of the strange things. I reached a strange forest. There was no human there. I saw a river flowing. So I went there to drink some water. As soon as I took some water in my hand, it turned red in colour. I thought that I was going to drink blood.

I started running. My body was drenched in sweat. Suddenly, I reached the top of the tallest building again. I was about to fall from there when I heard some voices. I woke up and saw that my mother was calling me, "Ashar, wake up".

TRUE MEANING OF DEMOCRACY

A democratic country is a country, in which a drafted constitution is followed. Indeed, the constitution of a nation is of the people, for the people and by the people. This pretty much describes or sums up the true meaning of democracy.

The constitution of a nation consists of all the rules and regulations in order to run a nation, which cannot be broken. The people of a nation elect their leaders, for a term, provided in the constitution. A democratic country runs on the basis of these rules and regulations. Breaking and violating the rules of the constitution is a serious offence. A democratic country is a secular one, in which the people are given their rights such as the right to freedom of expression and other rights which are considered to be legal, and if they are violated, it is considered to be an unforgivable trespass.

Nowadays, people usually fail to understand the true meaning of democracy. Higher powers, such as governments of many countries play a very big role in violating and affecting the constitution, and automatically the democracy. The influence of these elected powers on the people of a country plays a vital role in keeping up a democratic nation, be it good or bad.

True democracy is a myth, because violation of rights is everywhere. Sometimes, there is discrimination. If we look back at the history of many democratic countries, there have been violation of rights. Discrimination exists everywhere. It mainly lies within the minds of the people, which affects the democracy. Be it in India, Middle

East or western countries, every nation has witnessed the hurdles of discrimination, including unequal distribution of wealth, caste system and racial discrimination. These ground realities are a violation of the constitutional rights, harming the democracy of a nation.

In India, there have been many ups and downs in its democracy. The country though being secular, has been facing the problems of discrimination since the British rule. Caste, gender and religion continue to be the major reasons for discrimination against minorities in the country.

Why not respect the Constitution....

Why not respect Democracy....

ENCOUNTERING ALIENS

It was Saturday night; I was lying in my bed and reading a Science fiction. I fell asleep and started dreaming. I saw that I was a new born baby and my parents were young and newly married. I could not speak anything but I had the calibre of an 8th grade student and the appearance of a 2 year old child. In the world of my dream, hours were passing like minutes and days like hours. I grew very quickly. When I was 10 years old, I realized that the world was not normal. Even though people and places were like the real world, every child of my age had a unique ability.

My unique ability was in my eyes. My eyes were so strong and possessed such power that they could see a very fast moving thing in slow-motion; and my friend also had a unique power in his eyes. He could see beyond walls and could check anyone's blood circulation. Some children had the ability to run at the speed of 299792458 metres per second which was exactly the same as the speed of light. My friend could make anything possible just by speaking but he had one problem and the problem was that he could only speak good and positive about everyone.

When I was 16 years old, an 'Alien Academy' challenged our world. They said if we could beat their team in football, they would not destroy us. The greatest players of the world made a team. The 'World 11' began the match with the 'Alien 11'. Every human all over the world was watching that match, but unfortunately our 'World 11' team could not win the match. We lost in the penalty shootout. As the aliens were about to destroy the world, we, the teenagers challenged them.

As we had special abilities, we used them in our game and won. The stadium resounded with loud cheers and my name was distinctly heard. Just then I woke up and heard my mother urging me to get up from bed.

IMPORTANCE OF OUTDOOR GAMES IN A STUDENT'S LIFE

Outdoor games play a huge and necessary role in a student's life. The first benefit is that walking or playing on fresh grass gives us loads of energy. When we run, our blood circulation improves. Our muscles and bones become strong. Playing out of our house also helps us to know more about our surroundings rather than sitting inside a room and only being concerned about the happenings within the four walls. I enjoy playing basketball with my friends and have loads of fun. Outdoor games are also essential for a healthy lifestyle. They keep our body healthy and active. Also, it helps us in socializing with real people. Outdoor games refresh our minds which in turn increase our energy to do things. Regular outdoor games can prevent various health problems. We should take care of our health by regularly exercising and involving ourselves in outdoor games and activities because it is rightly said that "Health Is Wealth".

MY WORLD

My dream world is a world of fantasy. I must say that it is totally different from the world that I am living in. I imagine a world where people would not have to suffer from the pain of discrimination based on caste, creed, colour, religion or nationality - a world where everyone would be equal.

At times, I just sit and “imagine” how my dream world would become a reality; as there are so many things that need to be rectified according to me. Hence, I imagine a world where every face is smiling with a real spark of light, where no girl has the fear of being abused or no guy is lynched by anyone.

I dream of a world different from the real world of sorrow where our souls are put to test at every step of life, where we get to learn many lessons of life, where science seems to be a boon but it can also be a bane and where technology is so fast that no one can rest their mind at peace. But with all odds and ends in the present world, it provides me the material to think and make “My World” more beautiful and more attractive. Moreover, I feel that my dream world wouldn't be possible without this present world that I am living in.

I vision the land where a child is treated only as a child with no child labour, a bride is seen only as a bride with no dowry and a widow without the shackles of old traditions. I would rather want my present world to provide me the base to understand the quality of life- how to be a good human being and become a model of love and peace.

My world is full of fantasy, filled with extraordinary supernatural things where every one's life is painted with colours of relaxation, love, faith, respect, satisfaction; where every mind is free from all fears, dangers, stress and frustration; where every living creature lives his life as a fairy tale.

MY BUNCH

There had been those memories,
There had been those sweet and sour treacheries,
They have lived through all,
From that hide and seek to that catching of ball.

The love behind those fights,
The fun during those studious nights,
Now, insulting each other was the basic right,
Where sharing all the happenings always made the day bright.

Those group punishments. Ah! A hard fun filled task,
Couldn't realize we were making memories in that class,
Sharing those lectures of scolding or wiping off tears,
Who knew, we were learning to overcome our fears.

That snatching of each other's lunch,
Then sharing that favourite stuff with our only beloved bunch,
That favourite corner of all sitting together,
Where weighing up all the worldly stories was the best leisure.

CHALLENGES FACED BY YOUTH

Youth is considered as the best phase in a person's life. It's a period in one's life where one can be absolutely carefree but it also comes with a lot of challenges. In this world of diverse choices and options, the problems of the young generation are also increasing at a drastic rate. Whether it is the most difficult decision in the life of a youngster as deciding his career option or just a simple choice of choosing the right dress to wear on a casual occasion; we are confused. We are lost in the pursuit of finding our best interest. The high level of competition and a wide variety of career choices have left today's generation quite confused and lost.

We, the youth of today are quite indecisive in nature. We struggle through depression, anxiety and very low self-esteem; and strive to find our way through this dense fog of competition in all spheres of this materialistic and competitive world. Some of us are perpetually striving for a perfect face or body. The fake and virtual world of social media has demeaned the self-esteem of the easy target young minds to an extent that they define their worthiness based on looks. We see the Instagram models and wish to get that perfection without realizing that the picture of the model has been photoshopped for a perfect look. Many researches have shown that young teenagers are a victim of low self-esteem because of these photoshopped pictures. We leave no stone unturned to look perfect, failing which our confidence declines. Not only this, some of us start smoking and take other intoxicants either to look cool or to arrow our anxiety.

Teenagers are often involved in all these activities because of not having a proper healthy environment at home. Fights between parents often result in the instability of a child's mind.

People of young age need extra love and affection, especially, parents' attention. Parents should encourage their children by acknowledging their potentials and motivating them to achieve their dreams with true will and hard work. They shouldn't judge or compare their children to others because each child is unique and different.

We should understand that being a good human being is equally important as being successful is. We should always appreciate the small good deeds we do in our day to day life. It helps us to become a better human every day. The young generation should understand that they can't be perfect. They can't have exactly the same life as that of their role models, for the reel world is not real. Everyone is different and some imperfections are just beautiful. You first need a healthy mind to change the way you think about yourself and everything else around you will seem beautiful.

MOTHER

In this World,
I got darkness,
but, there is one with 'light'.
I got fear,
but, there is one with 'strength'.
I got frustrations,
but, there is one with 'hope'.
I got loneliness,
but, there is one with 'compassion'.
I got problems,
but, there is one with a 'solution'.
I got pains,
but, there is one with 'cures'.
I got destruction,
but, there is one with 'recoveries'.
I got hate,
but, there is one with a heart full of 'love'.

And, the 'ONE' is not anyone else; she is
my 'MOTHER'

MY BEAUTIFUL WORLD

There was a time when-
My world was kind,
My world was fine,
My world was prosperous,
My world was generous.
My beautiful world was amazing which I wanted no one to see.
My beautiful world was amazing which I wanted no one to feel.
But now things have changed-
Now my world is not homely,
Now my world is lonely,
Now my world has many pains,
Now my world has strains.
My beautiful world has dark zits which no one is able to see.
My beautiful world has pain which no one is able to feel.
The whole world is shaken-
Now my world has aches,
Now my world has sobs,
Now my world is full of unhappiness,
Now my world is full of difficulties.
But now I am not going to tolerate anymore.
I am not going to leave it as it is anymore.
I am going to transform this world-
To the world full of sparkles,
To the world full of brightness,
To the world full of colours,
And to the world full of hope.
So that this world may be the world full of faith and love.
And that will be 'My beautiful world'!

ऐ मेरे स्कूल

ऐ मेरे स्कूल मुझे
जरा फिर से तो बुलाना,
याद आता है मुझे
सुबह उठना और भागते हुए स्कूल जाना,
माँ का समझाना,
पर फिर भी, जल्दी में
कमीज के बटन ऊपर-नीचे लगाना।
दोस्तों के साथ
हँसना-खेलना पढ़ना
भाग के मैदान में जाना,
काले जूतों को पैट से पोछना
और पी.टी. शूज को चॉक से चमकाना
ऐ मेरे स्कूल मुझे
जरा फिर से तो बुलाना,
बाजार में किसी का टकराना
और आँखें उठाकर देखने पर
सामने गुरु जी को पाना,
ऐ मेरे स्कूल मुझे
जरा फिर तो बुलाना
जरा फिर तो बुलाना

हमें जीव-जंतुओं को पिंजरे में रखना चाहिए या नहीं ?

हमें जीव-जंतुओं को इसलिये पिंजरे में नहीं रखना चाहिए क्योंकि जीव-जंतुओं को भी स्वतंत्रता के साथ रहने का पूरा अधिकार है। जीव-जंतुओं को अपना जीवन जीने का पूरा हक है। यह दुनिया सिर्फ इन्सानों के लिये ही नहीं बल्कि यह दुनिया सबके लिये है। हमें जीव-जंतुओं को परेशान नहीं करना चाहिए। वह बस पिंजरे में रहकर परेशान होते हैं। अगर हम जीव-जंतुओं से प्यार करते हैं तो जीव-जंतु भी हमसे प्यार करते हैं। हमें जीव-जंतुओं को पिंजरे में नहीं रखना चाहिए।

यदि मैं चाँद पर जाती

मेरी यह इच्छा हमेशा से थी कि मैं चाँद पर जाऊँ। वहाँ जाकर हम कई सारी तस्वीरें खींचें, कई चीजों की खोज करें और यह भी पता करें कि चाँद चमकता है कि नहीं। हमें यह भी जानने की उत्सुकता होती है कि वहाँ खाना-पीना कैसे खाया-पिया जाता है? यह बात सोचकर ही मन खुश हो जाता है कि काश ! हम चाँद पर चिड़िया की तरह उड़ सकते।

दोस्तों आपने अक्सर सुना होगा कि मीठे बोल बोलो। इसका मतलब यह है कि हमें हमेशा सबसे अच्छे से बोलना चाहिए। ऐसा करने से हमारी किसी के साथ लड़ाई नहीं होगी और सब हमसे अच्छे से बात करेंगे। आपने अक्सर सुना होगा जैसी करनी वैसी भरनी। अगर आप सबसे अच्छे से बात करेंगे तो सब आपसे अच्छे से बात करेंगे। तो मैं आप सबसे यही आशा करूँगी कि मेरी इस बात का ध्यान रखें क्योंकि जैसा हम दूसरों के साथ व्यवहार करेंगे वैसा ही हमारे साथ भी होगा।

सत्य का फल

एक बार विकास नगर के राजा भानु प्रताप के मन में एक बात आई। वह जानना चाहते थे कि जो लोग किसी न किसी अपराध के कारण दंडित किये जाते हैं, उनमें सचमुच कोई पश्चाताप की भावना आती है या नहीं। दूसरे दिन वह राजा अचानक अपने राज्य के बंदी गृह में पहुँच गया और सभी कैदियों से उनके द्वारा किये गये अपराध के बारे में पूछने लगा कि किस कारण से उन्होंने अपराध किया और यहाँ बंदी गृह में क्यों कैद हैं। एक कैदी ने कहा:- “राजन्! मैंने कोई अपराध नहीं किया है। मैं निर्दोष हूँ।” दूसरा बंदी बोला:- “महाराज मुझे फंसाया गया है। मैं भी निर्दोष हूँ।”

इसी तरह सभी बंदी अपने आपको निर्दोष साबित करने लगे। फिर राजा ने अचानक देखा कि एक व्यक्ति सिर नीचे किये हुए आँसू बहा रहा था। राजा ने उसके पास जाकर पूछा कि तुम क्यों रो रहे हो? उस व्यक्ति ने बड़ी विनम्रता से कहा:- “हे राजन्! मैंने गरीबी से तंग आकर चोरी की थी। मुझे आपके न्याय पर कोई शक नहीं है। मैंने अपराध किया था जिसका मुझे दंड मिला।” राजा ने सोचा कि दंड का विधान सभी के अंदर प्रायश्चित्त का भाव पैदा नहीं करता है। लेकिन उन सभी कैदियों में से एक यही ऐसा व्यक्ति है जो अपनी गलती का प्रायश्चित्त कर रहा है। यदि इस व्यक्ति को दंड से मुक्त किया जाए तो यह अपने अंदर सुधार कर सकता है।

डर के आगे जीत है

हर जीव के अंदर डर का भाव होता है चाहे वह इंसान, पशु, या पक्षी क्यों न हो। कुछ लोग तो ऐसे होते हैं जो डर के मारे काम छोड़ देते हैं या अपना काम दूसरों पर डाल देते हैं। यह सही कदम नहीं है। हर इंसान को अपना काम करना चाहिए चाहे उससे कितना डर लगे। जीवन में डर भी दो प्रकार का होता है। पहला वह डर जिसमें हमेशा किसी भी बात का भय बना रहता है पर वह बात होती नहीं है – जैसे बाज़ार जाऊँगा क्या पता चोरी हो जाये और दूसरा वह जो सही रास्ते पर तो ले जाए लेकिन आगे क्या होगा? इस बात का डर हमेशा बना रहता है। लेकिन इस डर के कारण ही हम मेहनत करते हैं और जीवन में सफल होते हैं।

कल्पना कीजिये कि आप किसी टापू पे अकेले फँस गये हैं।

कोई कल्पना भी कैसे कर सकता है कि आज के इस आधुनिक युग में मनुष्य केवल प्राकृतिक वस्तुओं का प्रयोग करके अपना जीवन व्यतीत कर सकता है लेकिन मेरे साथ ऐसा ही कुछ हुआ था जब मैं पूरी तरह से प्रकृति की गोद में पहुँच गया था। मैं सपरिवार अपने छोटे से घर में आराम से रह रहा था। बहुत समय से हम लोग कहीं घूमने नहीं गये थे। मेरे पिताजी ने अचानक कहीं घूमने जाने का प्रस्ताव रखा। मैं और मेरे पिता जी ग्रीष्म अवकाश में पानी के जहाज़ द्वारा सैर पर निकले। मैं अपने पिताजी के साथ विदेश जा रहा था कि रास्ते में एक ऐसी घटना घटी जिससे हम बहुत हैरान हो गए। बहुत तेज़-तेज़ हवाएँ चलने लगी। उस समय मौसम अचानक बिगड़ने लगा था। कुछ देर में ही पानी का बहाव बढ़ गया और जहाज़ डगमगाने लगा। इतने में पानी की एक तेज़ लहर ने जहाज़ को निगल लिया जिसके कारण बहुत से लोग पानी में गिर गए। उनमें से मैं भी एक था। पानी में गिरने के बाद मेरा दम घुटने लगा। मुझे लगा कि अब मेरी मृत्यु पक्की है। मैंने अपने समक्ष एक लकड़ी का तना देखा। मैंने उसे पकड़ लिया और फिर मैं बेहोश हो गया।

जब मेरी आँख खुली तो मैं एक टापू पर था। मुझे अपनी आँखों पर भरोसा नहीं हो रहा था। वह दृश्य मुझे आज भी याद है। हरे-भरे पेड़-पौधे, समुद्र की लहरें और चिड़ियों का चहचहाना बहुत अद्भुत लग रहा था। धीरे-धीरे मेरे मन की प्रसन्नता भय में बदलने लगी। मुझे बहुत डर लगने लगा था। अब मैं अकेले उस टापू पर फँस गया था। मुझे बहुत भूख लगी थी परन्तु मेरे पास खाने को कुछ भी नहीं था। मैंने वहाँ कुछ फल खाकर रात बिताने की ठानी और दूसरे दिन कुछ दूर जाने की सोची।

मैं अन्दर जंगल की ओर गया। वहाँ मुझे एक जगह बारिश का जमा हुआ पानी मिला। हालाँकि वह पानी उतना साफ़ नहीं था परन्तु मेरे पास कोई दूसरा उपाय भी नहीं था। मैंने उसे ही पी लिया। उस जंगल में मुझे जंगली जानवरों के होने का भी अनुभव हो रहा था। मुझे समुद्र किनारे एक जाल मिला। उसका प्रयोग कर मैंने मछली को अपना चारा बनाया। अब सूरज ढलता जा रहा था। मुझे डर लग रहा था। मैं थक चुका था। भूख का एहसास मुझे खाए जा रहा था।

भोजन और पानी के बाद मुझे अब रात बिताने की जगह ढूँढ़नी थी। उसके लिये मैंने पत्तों की एक कुटिया बनाई और रात बिताने के लिये इकट्ठा किया सामान उसमें रख दिया। अब रात हो चुकी थी। मैं बैठा हुआ आकाश की ओर देख रहा था। चंद्रमा और तारे जगमगा रहे थे। मैंने अपने परिवार को याद करना शुरू कर दिया था।

अगले दिन मेरी आँख एक जहाज़ की आवाज़ से खुली जो वहीं से निकल रहा था। मैं उसको देख बहुत प्रसन्न हुआ। उसी समय मैं एक बड़ी चट्टान पर चढ़ कर अपनी कमीज़ उतार कर लहराने लगा। यह देख कर वह जहाज़ मेरे पास रुक गया। यह वही जहाज़ था जिस पर मेरे पिताजी मुझे ढूँढ़ते हुए आये थे। वह तो उम्मीद खो चुके थे। मैं अपने पिताजी से मिलकर बहुत खुश हुआ। मैं अपने घर पहुँच गया।

इस घटना ने मुझे एक पाठ सिखाया— हमें अपने काम को स्वयं करना आना चाहिए। यह घटना मैं अपनी मृत्यु तक नहीं भूल सकता।

नया साल

हर साल एक नया साल आता है,
हमारे जीवन में उल्लास और उत्साह भर जाता है।
लो फिर नव वर्ष आया है,
बहुत सारी खुशियाँ और नई बातें लाया है।
हमारी उमंगों को उड़ान से भरने आया है,
शायद फिर से हमको समझाने आया है,
थोड़ी खुशी थोड़े दुःख साथ लाया है।
मैं कुछ कह नहीं सकती कि अपने साथ क्या-क्या राज़ लाया है,
बस इतना जानती हूँ, हमारे जीवन में एक नया साल आया है।
जो साल गुज़र गया वो भी हमारे जीवन में आया था,
कुछ खुशियाँ तो कुछ दुःख अपने साथ लाया था।
हमारी परीक्षा लेकर उसने हमें बहुत कुछ सिखाया था,
तो कुछ अच्छी यादें देकर हमें खूब हँसाया था।
हमारे लिये नई-नई चुनौतियाँ लाया था,
बस इतना जानती हूँ, हमारे जीवन में एक नया साल आया है।
इस वर्ष के बाद एक और नव वर्ष आएगा,
हमारे जीवन में 19 से 20 का फर्क लाएगा।
कहीं दुःख तो कहीं हर्ष लाएगा,
जीवन में एक नया उत्कर्ष लाएगा।

मित्रता

मित्रों, जैसा कि आप सब को पता ही होगा कि मित्रता का हर व्यक्ति के जीवन में एक महत्वपूर्ण स्थान होता है। हम सबका एक मित्र तो अवश्य ही होगा। मित्रता के बिना हम अधूरे हैं या यूँ कहें कि बिना मित्र के जीवन जीने का कोई आनन्द नहीं है। कभी ये हमसे दूर हो जायें या ये गुस्सा भी हो जायें हम कितना परेशान हो जाते हैं और कभी-कभी तो रो भी पड़ते हैं। मेरे भी अनेक मित्र हैं जिनके प्रति मेरे मन में बहुत प्रेम है। मैं तो इनके बिना अपना जीवन नहीं जी सकती। हम सब एक साथ एक ही स्कूल में पढ़ते हैं। एक साथ खाते हैं, घूमते हैं और हर एक बात का आनन्द साथ में ही लेते हैं। कभी कोई मित्र स्कूल न आए तो बहुत उदास हो जाते हैं। जहाँ ये हर खुशी में साथ होते हैं, वहीं हर दुख में भी साथ ही होते हैं। सच्चे मित्र कभी हमारा साथ छोड़ कर नहीं जाते हैं। हमेशा सही रास्ता दिखाते हैं। हमें बताते हैं कि हमारे लिये क्या गलत है और क्या सही। यह हमारे लिये कुछ भी करने के लिये हमेशा तैयार रहते हैं। हमारे मित्र हमसे लड़ाई-झगड़ा भी करते हैं लेकिन हमारे बिना जी भी नहीं पाते हैं और हमारी आँखों में आँसू भी नहीं देख सकते। हम उनके साथ कितना ही समय व्यतीत कर लें लेकिन वह कम ही लगता है। हमें यह रोते हुए से हँसा देने की कला भी जानते हैं। इनके सहयोग से हमारा जीवन खुशहाल रहता है। ये कभी-कभी हमें बहुत परेशान भी करते हैं लेकिन हमें कभी दुखी नहीं देख सकते। हम जो बातें किसी से नहीं बता पाते वह सब हम इन्हें बताते हैं। मित्रता एक प्यारा सा बंधन है जिसकी पवित्रता से हर किसी का मन-मस्तिष्क भाव विभोर हो जाता है। कभी-कभी हम सोचते हैं कि अगर ये हमसे दूर चले गए तो क्या होगा? हम हर समय चाहते हैं कि ये हमारे साथ, हमारे पास रहें। हमें भगवान को धन्यवाद देना चाहिए कि उन्होंने हमें इतने प्यारे-प्यारे मित्र दिये हैं जो हमारी इतनी चिंता करते हैं और कुछ तो ऐसे हैं जो हम से दूर रहकर भी हमारे साथ होते हैं। मित्र हमारे परिवार के सदस्यों की तरह होते हैं जिन्हें हम चाह कर भी दूर नहीं कर सकते। ये जैसे भी हों हमें बहुत प्यार करते हैं और हमेशा हमारा साथ देने को तैयार रहते हैं।

ये भी अपने भाई बन्धु है दूध देते पालते बच्चे-बूढ़े को
पालनहार, सेवक, सहचर प्यार का अथाह सिन्धु है

पार लगेगी नइया इनके साथ से क्यों भूल जाते यही जीवन का आधार है।

आज कल हर दुकानदार प्रत्येक चीज़ ग्राहक की मांग के अनुसार पॉलीथीन में देता है, पर वह इस बात से अनभिज्ञ है कि यह हमारे पर्यावरण को अत्यधिक प्रदूषित करती है। प्रयोग करने के पश्चात् ग्राहक इसे इधर-उधर फेंक देता है। यहाँ तक कि वह इसे कूड़ेदानों में भी नहीं फेंकता अपितु सड़को, गलियों में फेंक देता है जो उड़कर नालियों में पानी के प्रवाह को रोक देती है। मित्रों पॉलीथीन एक जानलेवा बीमारी है। यह जलाने पर भी नष्ट नहीं होती क्योंकि यह जलाने पर भी विशाक्त गैसों से हमारे वातावरण को प्रदूषित करती है। जानवर इसे खा लेते हैं जिससे उनकी मृत्यु हो जाती है। आज हमारी धरती लगभग आधे से अधिक हिस्सों में पॉलीथीन से पट चुकी है जिससे हमारी कृषि भी प्रभावित हुई है। अब आप ही बताइये जब खेत ही नहीं होंगे तो किसान फसले कहाँ उगायेंगे, जब अन्न ही नहीं होगा तो मनुष्य क्या खायेगा, जब पीने के लिये स्वच्छ जल ही नहीं होगा तो क्या पियेगा? अगर इस पर प्रतिबंध नहीं लगाया गया तो हमारे रहने के लिये लेश-मात्र भी स्थान नहीं बचेगा और हम सभी को काल का ग्रास बनना पड़ेगा। इसके लिये हम सभी को पॉलीथीन पर प्रतिबंध लगाना चाहिए और बाज़ार से वस्तुएँ लाने के लिये कपड़े एवं जूट के बने बैग का प्रयोग करना चाहिए। इसके लिये हमारी सरकार को भी पॉलीथीन का निर्माण करने वाले कारखानों को बंद कर देना चाहिए। तो आइये आज हम सब दृढ़ संकल्प लें कि हम पॉलीथीन का प्रयोग कदापि नहीं करेंगे।

कहते हैं-

पॉलीथीन, पॉलीथीन चारों ओर मचा हाहाकार
कुचक के दलदल में फंस रहे हर प्रकार
अगर रोग के हो गये शिकार
तो बताओ कौन उठायेगा परिवार का भार।
तो संकल्प लें स्वच्छ भारत और स्वस्थ भारत का निर्माण करके रहेंगे।

क्या निराश हुआ जाए ?

मनुष्य के जीवन में पल-पल परिस्थितियाँ बदलती रहती हैं। जीवन में सफलता-असफलता, हानि-लाभ, जय-पराजय के अवसर मौसम के समान हैं जो कि कभी स्थिर नहीं रहते। जिस तरह इन्द्रधनुष के बनने के लिये बारिश और धूप दोनों की जरूरत होती है उसी तरह पूर्ण व्यक्ति बनने के लिये हमें भी जीवन के खट्टे-मीठे अनुभवों से गुजरना पड़ता है।

अगर अच्छा समय हमें खुशी का अनुभव कराता है तो वहीं दूसरी ओर बुरा समय हमें मजबूत बनाता है, तो क्या हमें इस दुःख के समय जो कि हमें मजबूत बनाता है उससे निराश होना चाहिए ? बिल्कुल नहीं! क्योंकि -

जिसने मरना सीख लिया है, जीने का अधिकार उसी को।

जो काँटों के पथ पर आया, फूलों का उपहार उसी को।।

मित्रो, हर रात के बाद सुबह होती है। जिंदगी हँसाती भी है, रुलाती भी है, जो हर हाल में आगे बढ़ने की चाह रखते हैं, जिंदगी उन्हीं के आगे सर झुकाती है, जिसका एक जीता जागता उदाहरण थॉमस एलवा एडिसन है जिन्हें न केवल एक आविष्कारक के रूप में बल्कि एक उद्यमी के रूप में भी जाना जाता है। 10,000 से भी अधिक प्रयास करने के बाद असफल होने पर एडिसन का यह कहना था कि मैं असफल नहीं हुआ बल्कि मैंने 10,000 ऐसे तरीके खोज लिये हैं जो काम नहीं करते। ऐसी सकारात्मक सोच की वजह से ही वह इतने महान वैज्ञानिक बनें और हजारों आविष्कार किये। हमें भी एडिसन से ऐसी प्रेरणा लेनी चाहिए जिससे न केवल हम अपने लक्ष्य को प्राप्त कर सकें बल्कि जीवन में आए दुःखों का डट कर सामना कर सकें। क्योंकि

इस पथ का उद्देश्य नहीं है

शान्त भवन में टिके रहना

हमें पहुँचना उस सीमा तक

जिसके आगे राह नहीं।

नारी जीवन का अमूल्य पहलू

हमारे चाहे जो भी धार्मिक ग्रंथ हो हर ग्रंथ में यही लिखा है कि हमें नारी को सम्मान देना चाहिये न कि उसे इस दुनिया में आने से पहले ही मार देना चाहिए। एक नारी का जीवन बहुत ही कठिन होता है। उसे अपने जीवन में बहुत सी कठिनाइयों का सामना करना पड़ता है लेकिन वह हर कठिनाई का सामना करने से कभी भी पीछे नहीं हटती।

वैसे तो नारी के जीवन में उसका हर पल अमूल्य होता है लेकिन जब एक नारी एक शिशु को जन्म देती है तो उस पल से अधिक अमूल्य ओर कोई पल उसके लिये नहीं होता। कहते हैं कि भगवान ने सारी सृष्टि की रचना पल भर में ही कर दी थी लेकिन नारी की रचना में उन्हें अधिक समय लगा था। नारी हर रिश्ते को बहुत अच्छी तरह से निभाती है फिर चाहे वह माँ का हो या बेटी का। हम नारी को लक्ष्मी का रूप भी मानते हैं लेकिन फिर भी नारी को सम्मान देने में पीछे रह जाते हैं।

माता-पिता और बच्चों में बढ़ती दूरियाँ

आजकल माता-पिता और बच्चों के बीच दिन प्रतिदिन सामंजस्य की भावना का अभाव होता जा रहा है। उनमें हमेशा टकराव की स्थिति बनी रहती है जिसका कारण है -बच्चों में संस्कारों की कमी। बच्चों को माता-पिता उतना समय नहीं देते जितना देना चाहिए। वास्तव में घर का वातावरण जैसा होता है, वैसा ही बच्चा बन जाता है। लेकिन इसके अतिरिक्त एक कारण और भी है और वह है मोबाइल। आजकल सारे बच्चे केवल मोबाइल में ही लगे रहते हैं, ना माता-पिता से बातचीत ना कुछ। वे अपने दोस्तों से भी बातचीत नहीं करते सिर्फ मोबाइल से ही बातचीत करते हैं। माता-पिता के साथ नाश्ता करते समय भी वह उनसे बात नहीं करते केवल मोबाइल में ही लगे रहते हैं। बाहर खेलने भी नहीं जाते हैं सिर्फ मोबाइल के गेम खेलते हैं। माता-पिता के लिये उनके पास तो जैसे समय ही नहीं है। सारा समय मोबाइल में बीत जाता है। वर्तमान समय में माता-पिता के पास समय भी नहीं रहता कि वे बच्चों को अच्छी-अच्छी बातें बतायें। घर में अकेले रहकर बच्चे भी मोबाइल जैसे वैज्ञानिक साधनों पर निर्भर हो जाते हैं। अगर माता-पिता 5 मिनट का कोई काम कह देते हैं तो वह मुँह बना लेते हैं। सिर्फ मोबाइल-मोबाइल। मोबाइल का प्रयोग एक तरह से अच्छा भी है। समय-समय पर हम अपनी आवश्यकताओं के अनुरूप इसे प्रयोग करें। माता-पिता का सम्मान करें, उनकी बातें भी मानें, उनसे बातचीत करें और अपने अन्दर की बातें माता-पिता से अवश्य बतायें। पिता और बच्चों के बीच दूरियाँ इसलिये भी बढ़ रही हैं क्योंकि बच्चे माता-पिता की बात नहीं मानते। अगर माता-पिता डाँट देते हैं या मोबाइल छीन लेते हैं तो वह माता-पिता से नाराज़ हो जाते हैं। उनसे बातचीत बन्द कर देते हैं। यही सब कारण हैं कि लोग आज भावनात्मक दृष्टि से एक-दूसरे से दूर होते जा रहे हैं।

अगर आपको भी मेरी तरह सपने देखने का शौक है तो आइए मिलकर देखते हैं- एक सपना

मेरा सपना है कि मैं बड़ी होकर एक जज बनूँ और अपने माता-पिता का नाम उज्ज्वल करूँ। जज बनना मेरा सपना है क्योंकि मैं गरीबों और बेसहारा लोगों को इंसाफ़ दिलाना चाहती हूँ और इस देश से झूठे लोगों और चोरों का सफाया करना चाहती हूँ। मैं कानून के साथ-साथ लोगों की सच्चाई भी देखूँगी। आज-कल देश में बहुत से अपराध हो रहे हैं तो मैं जज बनकर इन्हीं अपराधों को मिटाना चाहती हूँ। मैं जज इस लिये नहीं बनना चाहती कि यह मेरा स्वप्न है। मैं जज इस लिये बनना चाहती हूँ ताकि मैं देश के सभी लोगों को इंसाफ़ दिला सकूँ। मैं उन लोगों के चेहरे पर खुशी देखना चाहती हूँ जिन्हें कभी इंसाफ़ नहीं मिला। मुझे लोगों से यह कहना है कि अगर आपके साथ कोई अपराध हुआ है तो डट कर उसका सामना करिए। हमारी निर्भीकता ही हमारे लिये जीवन में उन्नति के द्वार खोलेगी।

मेरी माँ

मैं अभी बहुत छोटी हूँ लेकिन मुझे इतना ज्ञान अवश्य है कि मेरी माँ मेरे लिये अमूल्य है जो बहुत अच्छी है। वह मेरा बहुत ध्यान रखती है। वह मेरे हर काम में मेरी सहायता करती हैं, मुझे अपने हाथ से खाना खिलाती है और मेरे विद्यालय में जाकर हमारी अध्यापिका से भी मिलती है तथा उनसे हमारी पढ़ाई के बारे में भी जानकारी लेती है। माँ एक घने पेड़ की तरह होती है जो अपने बच्चों को अपनी छाया में पालती है। मेरी माँ मुझे खुश देखकर खुद भी खुश हो जाती है। माँ हमारी सारी गलतियों को माफ़ कर देती है। माँ ईश्वर की तरह होती है, जहाँ भगवान नहीं होता वहाँ माँ होती है। मैं अपनी माँ से बहुत प्यार करती हूँ और उसकी सारी बातों को मानती हूँ। माँ शब्द बहुत छोटा सा है लेकिन माँ शब्द में पूरी दुनिया बसती है। माँ का रिश्ता दुनिया के हर रिश्ते से बढ़कर होता है जिस तरह भगवान हमारी रक्षा करते हैं वैसे ही माँ भी हमारी हर मोड़ पर रक्षा करती है।

यह कविता मैं अपनी माँ को समर्पित करती हूँ।

वह माँ ही होती है,
जो कठिनाई में साथ देती है।
जब कोई नहीं होता,
तब वह ही सहारा बनती है।
मेरे सपनों में, मेरी खुशियों में,
अमृत की तरह समाई रहती है।
शान्ति मिलती है तब दिल को,
जब वह आँचल में छुपा लेती है।

भारत देश

भारत विश्व के सारे देशों में मानवता का एक अद्भुत उदाहरण है। यहाँ सभी धर्मों और जातियों को अपने धर्म के अनुसार पूजा-पाठ करने की सम्पूर्ण स्वतंत्रता है। यहाँ एक शक्तिशाली लोकतन्त्र और एक मजबूत संविधान है। जो धर्म जाति और लिंग में भेदभाव नहीं करने देता। यहाँ सब मनुष्यों को बराबर का अधिकार प्राप्त है। जिसके कारण यहाँ एक शक्तिशाली लोकतन्त्र है और अठारह वर्ष के आयु के बाद हर युवक और युवती को वोट देने का अधिकार है। हर पाँच वर्ष में हम अपने देश के नेता का चुनाव कर सकते हैं।

हमारे देश में सब जातियों और धर्मों के लोग आपसी भाई चारा बना कर रहते हैं। जो एक फूलों की बगिया के समान है। हमारे देश की मिट्टी में इन्हीं रंगों की सुगन्ध है। हम लोग यहाँ त्यौहारों के रूप में होली, दिवाली, ईद,

क्रिसमस इत्यादि बड़े धूम-धाम से आपस में मिल कर मनाते हैं। हम एक-दूसरे के धर्मों का आदर करते हैं। सभी को समय अनुसार अपने विचारों को व्यक्त करने की स्वतंत्रता प्राप्त है। इसीलिये यह कहा जाता है कि हमारे देश से बढ़कर कोई दूसरा देश नहीं है। हमें भी इसकी उन्नति में सहयोग देना चाहिये।

पिता का महत्व

हर व्यक्ति के जीवन में माता-पिता का अमूल्य स्थान होता है। माँ और पिता दोनों ही गाड़ी के दो पहियों के समान हैं, इनमें से एक भी पहिये में यदि किसी कारणवश कोई खराबी आ जाये तो गाड़ी चल नहीं सकती। अतः माँ के महत्व के साथ-साथ पिता का महत्व भी कम नहीं है। आज मैं पिता का महत्व बताना चाहती हूँ। पिता वह है जो हमारे हर सुख-दुख में हमारा साथ देता है। जब हम किसी भी चीज़ की इच्छा करते हैं तो पिता ही है जो हमारी आवश्यकताओं को पूरा करता है यदि पैसे न भी हों तो भी कह देता है कि बेटा मैं तुम्हारी मनचाही वस्तु ला दूँगा। किसी ने सच कहा है “जब पिता धूप में जलता है, मेहनत करता है, तब जाकर कहीं एक बच्चा लाड़-प्यार से पलता है”। हमें लगता है कि हमारे पिता के पास हमारे लिये समय ही नहीं है, वह हमेशा व्यस्त रहते हैं जबकि उस समय वह हमारी हर छोटी सी छोटी इच्छा को पूरा करने के लिये कहीं ‘ओवरटाइम’ कर रहे होते हैं। जिनके सिर पर पिता का साया नहीं होता है वह पिता का महत्व समझ सकते हैं। हमारे पिता को भी बहुत सी परेशानियाँ होती हैं मगर वह कभी जताते नहीं है, सारी कठिनाइयों को स्वयं सहन कर जाते हैं। पैसा न होने पर भी वह हमें कभी किसी चीज़ के लिये मना नहीं करते। पिता की डाँट में भी एक पवित्र प्यार की झलक होती है। हमारे सपनों को आगे बढ़ाने वाले भी हमारे पिता ही होते हैं मगर आज के समय में ऐसे बेटे भी होते हैं जो अपने सपनों को पूरा करते हैं, विवाह करते हैं और बिना सोचे समझे अपने माता-पिता को घर से निकाल देते हैं, यह भी नहीं सोचते कि वह जो कुछ हैं, वह सब अपने माता-पिता के कारण ही हैं। उनके पिता ने उनको इस योग्य बनाने के लिये कितनी कड़ी मेहनत की है। मंहगी से मंहगी पुस्तकें ला कर दीं और उसी पिता के साथ वह ऐसा व्यवहार करते हैं। हमें अपने पिता का सम्मान करना चाहिए। किसी लेखक ने सच ही कहा है -

“पिता बिना जग अधूरा”।

शिक्षा से बड़ा कोई वरदान नहीं है

आशीर्वाद गुरु का मिले इससे बड़ा कोई सम्मान नहीं है। हमारे जीवन में शिक्षा का महत्व शुरू से ही रहा है। शिक्षा हर एक नागरिक की ऐसी आवश्यकता है जिसके बिना कोई भी नागरिक जीवन में कुछ विशेष नहीं कर पाता है। इसके विषय में एक कहावत भी है कि शिक्षा के बिना मनुष्य एक पशु के समान है। लेकिन शिक्षा के स्तर में भी समय-समय पर परिवर्तन हुये हैं। पहले के समय में अध्यापक इस तरह पढ़ाते थे कि बच्चों में रचनात्मकता के गुण जन्म लेते थे। वे भविष्य का चुनाव अपनी इच्छानुसार करते थे और उचित नौकरी भी प्राप्त कर लेते थे। परन्तु आज के समय में बच्चों की रचनात्मकता का दोहन वैज्ञानिक उपकरणों द्वारा हो रहा है। इसलिये अध्यापकों को बच्चों को यह भी बताना होगा कि दी जा रही शिक्षा का प्रयोग नौकरी प्राप्त करने के अतिरिक्त और कैसे करें? ताकि जब तक नौकरी न मिले तब तक दाल रोटी का प्रबन्ध हो सके। हमें ऐसी शिक्षा चाहिए जिससे चरित्र का निर्माण हो, मन की शक्ति बढ़े, बुद्धि का विकास हो और मनुष्य अपने पैरों पर खड़ा हो सके।

कविता – मस्ती के पल

सारा जीवन याद आएँगे ये दिन हमें स्कूल के,
याद जब आएँगे तो रुलाएँगे ये दिन हमें स्कूल के।
वो लड़कों के दंगे वो टीचर से पंगे,
वो मॉनीटर से दुश्मनी वो दोस्तों का प्यार।
वो एक के रोने पर पूरे क्लास का उसे मनाना,
वो एक दोस्त के लिये टीचर से लड़ जाना।
वो क्लास के बीच में एक बच्चे का ऊट-पटांग बातों से सबको हँसाना,
वो लंच टाईम में समोसों के लिये भीड़ लगाना,
ऊपर से उसे मोमोज़ की चटनी के साथ खाना।
वो एक बच्चे के जन्मदिन पर उसे शगुन कह-कह कर केक से नहलाना,
और दोस्त-दोस्त कह कर उसकी सारी टॉफ़िया खा जाना।
वो अपने दोस्तों के साथ बैठने की खुशी और फिर जब टीचर सीट चेंज कर दे,
तो उसके जाने के बाद वापिस वहीं बैठ जाना।
ये पल हम दुबारा तो नहीं जी पायेंगे,
हाँ लेकिन हम यहाँ से बहुत सारी यादें ले जाएँगे।
पूरे जीवन याद आयेंगे ये दिन हमें स्कूल के,
जब-जब याद आयेंगे तो रुलाएँगे ये दिन हमें स्कूल के।

“मोह”

माँ का बच्चे से अनूठा मोह है,
भौंरे का फूल से तितली का पराग से,
स्वार्थी मोह हैं।
पादप का मिट्टी से,
फूलों का पत्तों से जन्मों का मोह है,
तारों का अंधकार से
निराला सा मोह है।
डॉक्टर का रोगी से
रोगी का भोगों से मोह है,
पक्षियों का घंरौदे से
दादा का पोते से निश्चल मोह है,
बंदूक का गोली से
साथी का हमजोली से मोह है।
घरवाली का घरवाले से
शमा का परवाने से मोह है,

शरीर का आत्मा से,
आत्मा का परमात्मा से एकाकी मोह है।
संगीत का सुर से,
विद्या का एकाग्रता से मोह है,
कमल का सूरज से
कुमुद का रजत चाँद से मोह है।
मानव मोह माया के बंधन में बँधा हुआ है,
अगर मोह के बंधन में बँधना ही है तो
परमात्मा के साथ मोह के बंधन में बँध जाना
चाहिये।
उसी से हमें मोक्ष की प्राप्ति होगी।

خاندان میں بزرگوں کا مرتبہ بہت بلند ہوتا ہے۔ ہمیں بھی اپنے بزرگوں کی بہت عزت و احترام کرنا چاہئے۔ کیونکہ ان کی بے لوث محبت اور تجربات سے ہم کو بہت کچھ سیکھنے کو ملتا ہے۔ مگر افسوس آج کل کے نوجوان مغربی کلچر کی نقل میں نہ تو اپنے بزرگوں کو اہمیت دیتے ہیں اور نہ ان کا احترام کرتے ہیں۔ اس بات کے لئے میں ایک قصہ لکھنا چاہتی ہوں۔ ایک بار ایک لڑکے کی شادی تھی، لڑکی والوں نے شرط رکھی کہ بارات میں کوئی بزرگ نہیں شامل ہونا چاہئے۔ لڑکے والے راضی ہو جاتے ہیں مگر لڑکے کے نانا نہیں راضی ہوتے ہیں وہ کہتے ہیں مجھے گاڑی میں چھپا کر لے چلو پر مجھے جانا ہے۔ اس بات پر سب تیار ہو جاتے ہیں۔ جب بارات گاؤں میں پہنچتی ہے تو لڑکی والے نکاح کرنے سے پہلے ایک شرط رکھ دیتے ہیں۔ وہ کہتے ہیں ہمارے گاؤں میں جوندی ہے اس کو آپ کو پانی کی جگہ دودھ سے بھرنا ہے۔ ہماری شرط پوری کیجیے ورنہ بارات واپس لے جائیے ہم اپنی لڑکی نہیں دے سکتے۔ سب باراتی بہت پریشان ہو گئے کہ یہ کیسے ممکن ہے اور اگر بغیر دلہن کے بارات واپس جائے گی تو ہمارے گاؤں میں ہماری بہت بے عزتی ہوگی۔ نانا جو گاڑی میں چھپے تھے جب انھوں دیر ہونے کی وجہ سے پوچھی تو سب نے انھیں لڑکی والوں کی شرط کے بارے میں بتایا۔ نانا نے فوراً مسکراتے ہوئے کہا تو اس میں پریشانی کی کیا بات ہے جاؤ اور لڑکی کے باپ سے کہو کہ وہ ندی کو پانی سے خالی کر دیں ہم دودھ سے بھرنے کو تیار ہیں۔ جب یہ بات لڑکی کے باپ سے کہی گئی تو وہ سکپکا گیا اپنی شرطوں کے لئے بہت شرمندہ ہوا اور سمجھ گیا کہ بارات میں کوئی بزرگ ضرور آیا ہے۔ اس نے پوچھا آپ لوگوں کو یہ حل کس نے بتایا۔ باراتیوں نے تب نانا کے بارے میں بتایا تو اس نے نانا کے پاس جا کر معافی مانگی اور بڑی عزت کے ساتھ انھیں محفل میں لایا اور خوشی سے اپنی لڑکی کو رخصت کیا۔

بُرے کام کا بُرا انجام

کسی شہر میں تین چوروں نے ایک بینک میں چوری کی۔ انھوں نے بینک کے لاکروں سے روپیہ اور زیورات اکٹھا کر کے دو تھیلوں میں بھرا اور کار میں بیٹھ کر دوسرے شہر کے لئے روانہ ہو گئے۔ وہاں پہنچ کر انھوں نے ایک گیسٹ ہاؤس میں ایک کمرہ کرایے پر لیا۔ رات بھر کے لمبے سفر کے بعد تینوں کو بہت زوروں کی بھوک لگی تھی۔ گیسٹ ہاؤس میں کھانے کا کوئی انتظام نہیں تھا۔ اس لئے ایک چور کھانا لینے چلا گیا۔ اس کے دونوں ساتھی چرائے ہوئے سامان کی حفاظت کے لئے اپنے کمرے پر ہی رُک گئے۔ کھانا لینے گئے چور کی نیت خراب ہو گئی اس نے سوچا کہ اگر میں کھانے میں زہر ڈال کر اپنے دونوں ساتھیوں کو مار دوں تو سارا مال مجھے اکیلے مل جائے گا۔ اس خیال کے آتے ہی اس نے ہوٹل میں بیٹھ کر خود تو کھانا کھالیا اور اپنے ساتھیوں کے لئے جو کھانا لیا اس میں زہر ملا دیا۔

ادھر اس کے دونوں ساتھی بھی اس کو قتل کرنے کا منصوبہ بنا رہے تھے۔ وہ اسے مار کر سارا مال آپس میں بانٹ لینا چاہتے تھے۔ تینوں نے اپنے منصوبے کے تحت کام کیا۔ جیسے ہی پہلا چور کھانا لیکر گیسٹ ہاؤس کے کمرے میں داخل ہوا اس کے دونوں ساتھی اس کے اوپر ٹوٹ پڑے اور اس کا گلا دبا کر اسے مار ڈالا۔ اب وہ مطمئن ہو کر کھانا کھانے بیٹھ گئے۔ انھوں نے ابھی تھوڑے ہی لقمے کھائے تھے کہ کھانے میں ملے زہر نے ان پر اثر کرنا شروع کر دیا۔ کچھ ہی دیر میں دونوں چور تڑپ تڑپ کر مر گئے۔ اس کہانی سے ہمیں یہ نصیحت ملتی ہے کہ بُرے کام کا بُرا ہی انجام ہوتا ہے۔

میٹھی بولی کے فائدے

میٹھی بولی کیا ہوتی ہے؟ میٹھی بولی یعنی جو بھی ہم بولے اس سے کسی کا دل نہ دکھے یعنی ہمارے الفاظ کسی کی تکلیف کا باعث نہ بنیں۔ اسلئے ہمیں ہمیشہ میٹھی بولی بولنا چاہئے اس سے کئی فائدے ہیں۔ ہمارے اچھے اخلاق سے دشمن بھی ہمارے دوست بن جاتے ہیں۔ دوست اور گھر والے سب ہم سے خوش رہتے ہیں۔ سب سے بڑی بات یہ ہے کہ دوسروں کو خوشی دیکر یا ان کو خوش دیکھ کر ہمارا اپنا دل بھی مطمئن اور خوش رہتا ہے۔ اپنی زبان اور اچھے سلوک سے ہم دوسروں کا غم کم کر سکتے ہیں۔ کیونکہ تلوار کا گھاؤ تو وقت کے ساتھ بھر جاتا ہے مگر زبان کا گھاؤ کبھی نہیں بھرتا۔ اس کی کسک ہمیشہ باقی رہتی ہے۔ میرے حساب سے میٹھی بولی اور اچھا اخلاق اونچی تعلیم سے زیادہ اہم ہے۔ ایک تعلیم یافتہ شخص اگر بد زبان ہے تو کوئی بھی اسے پسند نہیں کرے گا۔ اس لئے کچھ بولنے سے پہلے ہمیں سوچنا چاہیئے کہ ہمارے الفاظ کسی کی دل آزاری کا سبب نہ بن جائیں۔

اچھے دوست کی خوبیاں

ایک اچھا دوست اپنے دوستوں کی ہر مشکل میں مددگار ہوتا ہے۔ ایک اچھا انسان ہی اچھا دوست ثابت ہو سکتا ہے۔ جو خود لڑائی جھگڑے سے دور رہے اور اپنے دوستوں کو بھی برائیوں سے دور رکھے۔ اچھا دوست وہی ہے جو اپنے دوست کی اچھائیوں کی تعریف کرے اور اس کی برائیوں کی نشان دہی کر کے اسے دور کرنے میں مدد کرے۔ اچھا دوست اپنے دوستوں کے کام اور خیالات کی عزت کرتا ہے۔ ایک اچھے اور سچے دوست کا دل بھی نورانی ہوتا ہے۔

بچہ مزدوری (Child Labour)

اے میرے ابو مجھے اسکول جانے دیجئے

مجھ سے مزدوری نہ اے ابو ابھی کروائیے

میں ہوں بچہ میرے ہاتھ پاؤں ہیں کمزور سب

جب بڑا ہو جاؤں گا میں سب کروں گا کام تب

بو جھ ڈھونے سے میرے ہاتھوں میں چھالے پڑ گئے

پیر میں چپل نہیں ہے، کتنے کانٹے گڑ گئے

اے میرے بیٹے! بہت کمزور حالت گھر کی ہے

تجھ سے مزدوری کرانا! بس ضرورت گھر کی ہے

دیکھتے ہو ماں تیری بیمار ہے، بستر پر ہے

کس طرح چھائی ہوئی غربت ہمارے گھر پر ہے

ہے دوا کی بھی ضرورت اور پکانے کی بھی ہے

اپنے ہاتھوں سے پکا کر پھر کھلانے کی بھی ہے

اے میرے ابو! میری ماں اتنی کیوں بیمار ہے

خود سے اٹھ سکتی نہیں ہے، اتنی کیوں لاچار ہے

جو میرے ہم عمر ہیں، پہنیں وہ سب اچھا لباس

میرے کالے جسم کو حاصل نہیں پورا لباس

ان کے پیروں میں ہیں موزے اور جوتے خوش نما

جب کہ میرے پیر میں چپل ہے بس ٹوٹا ہوا

پیٹھ میں بستے سجے ہیں، ہاتھ میں بوتل بھی ہے

اور ٹفن میں ناشتہ اوپر سے کوئی پھل بھی ہے

جب کہ اپنی پیٹھ پر اینٹ ہیں ہم لادے ہوئے

دھوپ، گرمی اور جلن سے ہر جگہ چھالے پڑے

میرے بیٹے! ہے یقیناً بات تیری بھی درست

اور خدا جو چاہتا ہے، اس کی مرضی بھی درست

اگر مجھے کچھ دن بغیر موبائل اور سوشل میڈیا کے گزارنا پڑیں تو۔۔۔۔۔

ٹیلی ویژن، موبائل اور انٹرنیٹ عصر حاضر میں لوگوں کی زندگی کا ایک اہم جز بن گئے ہیں۔ انسان ان چیزوں سے فائدہ اٹھانے میں اتنا مصروف ہو گیا ہے کہ ان سے ہونے والے نقصانات پر غور و فکر کرنا ہی بھول گیا ہے۔ وہ بھول گیا ہے کہ ہر چیز کے دو پہلو ہوتے ہیں مثبت اور منفی۔ یہ چیزیں دماغ کو مفلوج بنا دیتی ہیں ساتھ ہی یہ چیزیں مخرب جسم ہیں۔ سب سے بڑا ان کا جو نقصان ہے وہ ہے وقت کی بربادی۔

اگر مجھے کچھ دن بغیر موبائل اور سوشل میڈیا کے گزارنا پڑیں تو میں اپنا وقت تخلیقی کاموں میں صرف کرنا پسند کروں گی۔ جو میں موبائل کی مصروفیت کی وجہ سے نہیں کر پاتی ہوں۔ سب سے پہلے تو میں اپنے والدین اور گھر کے بزرگوں کو وقت دوں گی ان کی خدمت اور مدد کروں گی۔ کیونکہ بزرگوں کی سب سے بڑی خوشی تو یہی ہوتی ہے کہ گھر کے بچے ان کے پاس بیٹھے ان سے بات کریں اور ان کے تجربات سے فائدہ اٹھائیں۔ اچھی کتابوں کا مطالعہ کروں گی۔ جس سے مجھے کچھ سیکھنے کو ملے۔ چھوٹے بھائی بہنوں کی پڑھائی میں مدد کر سکتی ہوں۔ اور گھر کے آس پاس س کے غریب بچوں کی بھی پڑھائی میں مدد کروں گی۔

اس کے علاوہ میں اپنے شوق کو پورے کروں گی۔ مجھے پرانی چیزوں کی مدد سے نئی چیزیں بنانے کا بہت شوق ہے۔ جیسے پرانے مٹی کے برتنوں کو خوبصورت رنگوں سے سجانا، پلاسٹک کی بوتلوں کو رنگ کر گلدستہ بنانا، پرانے کپڑوں سے پرس اور پھول بنانا اور پینٹنگ کرنا وغیرہ۔ اسکے علاوہ میں اپنا کچھ وقت جسمانی ورزش کے لئے دوڑ بھاگ والے کھیلوں میں بھی صرف کروں گی۔ کیونکہ آج کل تو ہم لوگ کھیل بھی صرف موبائل اور کمپیوٹر پر ہی کھیلتے ہیں جس سے جسمانی ورزش تو ہوتی نہیں ہے۔ دوستوں اور رشتہ داروں سے ملکر اپنے تعلقات کو استوار کرنے کی کوشش کروں گی۔

بلو کی شرارتیں

آج صبح سے ہی گھر میں ہل چل مچی ہوئی تھی۔ امی کا ایک پیر کچن میں تو ایک پیر لاؤنج میں تھا۔ بلو میاں کا موڈ بہت خراب تھا کیونکہ سب گھر والے کسی نہ کسی کام میں مصروف تھے۔ اور ان کی طرف کوئی توجہ نہیں دے رہا تھا۔ آج ان کے چاچو اپنے بیوی بچوں کے ساتھ کینیڈا سے آنے والے تھے۔ لہذا گھر کی صفائی پر خاص توجہ تھی اور بلو میاں کو فرش پر فالتو چلنے پھرنے، کھیلنے، کودنے کی بالکل اجازت نہیں تھی۔ بلو میاں خاموشی سے امی کی مصروفیات دیکھتے رہے آتی جاتی امی کو آوازیں بھی دیتے رہے اور فرمائشیں بھی کرتے رہے۔ لیکن امی سنی ان سنی کرتی کام میں مصروف رہیں۔ آخر برداشت کی بھی کوئی حد ہے۔ امی کی نظر بچا کروہ لان میں آگئے جہاں گھاس پر ابھی پانی کا چھڑکا دیا گیا تھا۔ بلو میاں نے اپنی تین پیہیوں کی سائیکل اٹھائی اور مزے سے گھاس پر چلانے لگے۔ اچانک جانے کیا دل میں سمائی کہ وہ سائیکل لیکر لاؤنج میں آگئے جہاں جہاں سے گزرتے سائیکل کے پیہیوں کے گیلے اور کیچڑ والے نشان بنتے جاتے۔ سب لوگ چاچو کو لینے ایئر پورٹ گئے تھے اور امی کچن میں تھیں۔ جب وہ کچن سے باہر آئیں اپنی محنت سے کی گئی صفائی کا حشر دیکھ کر انھوں نے سر پکڑ لیا۔ بلو میاں سمجھ گئے کہ اب نہ صرف ڈانٹ بلکہ مار بھی پڑے گی۔ وہ وہاں سے فرار ہونے ہی والے تھے کہ امی نے پکڑ لیا مگر حیرت کی بات نہ ڈانٹا نہ مارا۔ بلکہ بلو میاں کو ایک کپڑا دیکر فرش صاف کرنے کو کہا۔ بلو نے ابھی کام شروع ہی کیا تھا کہ تھکنا شروع ہو گئے اور لگے منہ بنانے۔ امی تو پھر امی ہی ہوتی ہیں انھوں نے بلو کو پیار سے صوفے پر بٹھایا اور سمجھایا کہ اگر آپ کسی کا ہاتھ بٹا نہیں سکتے تو کسی کا کام بگاڑنا نہیں چاہیے۔ بلکہ کوشش کرنی چاہیے کہ آپ کی وجہ سے کسی کو مشکل نہ ہو اور کبھی کبھی امی کا ہاتھ بھی بٹانا چاہیے۔ بلو نے شر مندہ ہو کر امی سے وعدہ کیا کہ اب وہ امی کو کبھی تنگ نہیں کرے گا اور گھر کے کاموں میں ان کا ساتھ بھی دے گا۔ اور ان کا خیال بھی رکھے گا۔

چڑیا گھر کی سیر

چڑیا گھر کے نام سے ہر بچے کے چہرے پر خوشی دوڑ جاتی ہے۔ ہم سبھی لوگوں نے اتوار کو چڑیا گھر گھومنے کا پروگرام بنایا۔ صبح دس بجے ہم لوگ چڑیا گھر پہنچے۔ وہاں پر بہت بھیڑ تھی۔ لائن میں لگ کر ٹکٹ لیا۔ اور اندر داخل ہوئے۔ ہم سبھی بچے یہ سمجھ رہے تھے کہ چڑیا گھر میں صرف طرح طرح کی چڑیاں ہوں گی۔ لیکن وہاں پر ہمیں ہر قسم کے جانور پرندے اور خوبصورت مچھلیاں بھی دیکھنے کو ملیں۔

چڑیا گھر میں ہم نے خونخوار جانور شیر، چیتا، بھالو وغیرہ دیکھے بہت ڈر بھی لگا۔ ہم لوگوں نے ہاتھی کی سواری بھی کی۔ اور ٹرین میں بیٹھ کر پورے چڑیا گھر کا دورا کیا اس میں ہم سب کو بہت مزہ آیا۔ دو گھنٹے گھومنے کے بعد ہم لوگ کافی تھک گئے تھے اس لئے تھوڑی دیر آرام کرنے کے لئے ہم لوگ چڑیا گھر کے پارک میں چٹائی بچھا کر بیٹھ گئے اور اپنے ساتھ لائے ہوئے ناشتے کو مل بانٹ کر کھایا اور گیند سے کھیلا۔ اس کے بعد ہم عجائب گھر بھی گئے۔ وہاں ہم نے قدیم دور کے پرانے سگے، ہتھیار، راجاؤں کے کپڑے، پرانے زمانے کے برتن اور می وغیرہ دیکھیں۔ اور بہت سی باتوں کی معلومات ہوئی۔ شام تک ہم لوگ واپس گھر آئے۔

فرشتہ

ایک بار کی بات ہے ایک گاؤں میں دو بھائی رامو اور شیامو رہتے تھے۔ رامو امیر تھا اور شیامو غریب۔ دیوالی کا موقع تھا۔ پورا گاؤں خوشیاں منا رہا تھا۔ مگر شیامو بہت اداس تھا پیسے نہ ہونے کی وجہ سے وہ دیوالی کا کوئی انتظام نہیں کر پایا تھا۔ وہ اپنے بھائی رامو کے پاس مدد کے لئے گیا مگر اس نے اسے ڈانٹ کر بھگا دیا۔ وہ اداس ہو کر گھر لوٹ رہا تھا تو اس کو ایک بوڑھا آدمی دکھا۔ اس کے ہاتھ میں لکڑیوں کا بڑا سا گٹھڑا تھا اس نے شیامو سے وہ گٹھڑا گھر تک پہنچانے کی التجا کی۔ شیامو نے لکڑیوں کا وہ گٹھڑا اس کے گھر تک پہنچا دیا۔ بوڑھے نے خوش ہو کر اسے ایک سونے کا سکہ دیا اور کہا اس کو جنگل میں لے جاؤ وہاں تیس پیڑوں کے پیچھے تمہیں ایک غار نظر آئے گی اس میں تمہیں کچھ بونے ملیں گے ان کے پاس ایک جادوئی چکی ہے۔ سونے کا یہ سکہ دیکر ان سے وہ چکی لے لینا۔ تمہاری غریبی دور ہو جائے گی۔ شیامو نے ویسا ہی کیا بونے نے اسے چکی دیکر بتایا کہ تمہیں جو بھی چاہیے اس کا نام لیکر اس چکی کا گھمانا اور جب تمہارا کام ہو جائے تو اسے لال رنگ کے کپڑے سے ڈھک دینا۔ شیامو چکی گھر لایا اور اپنی بیوی کو اس کے بارے میں بتایا۔ تو اس نے چکی کو گھمایا اور کہا چکی چکی دال نکال۔ چکی سے دال نکلنا شروع ہو گئی۔ اور پھر اسے لال کپڑے سے ڈھک دیا تو دال نکلنا بند ہو گئی۔ اس رات سب نے پیٹ بھر کھانا کھایا۔ پھر روز وہ چکی سے سامان لیتا اور بازار میں بیچ آتا۔ اسی طرح کرتے کرتے اس کی غریبی دور ہو گئی اور وہ ایک امیر آدمی بن گیا۔ اب وہ بھی اپنی دولت سے غریبوں کی مدد کرتا تھا کیونکہ اسے احساس تھا کہ جس طرح وہ بوڑھا اس کی زندگی میں مدد کا فرشتہ بن کر آیا تھا۔ اسی طرح اسے بھی ضرورت مندوں کی مدد کرنی چاہیے۔

مشترکہ خاندانی نظام

پرانے زمانے میں خاندان سے الگ رہنا ایک طرح سے گناہ سمجھا جاتا تھا۔ اور الگ رہنے والے کو یا علیحدگی کا مطالبہ کرنے والے کو مجرم۔ مگر جیسے جیسے معاشرے نے ترقی کی، لوگوں کے خیالات اور سوچ میں تبدیلی ہوئی، لوگوں نے علیحدہ رہنے کو جائز اور وقت کی ضرورت سمجھ کر قبول کر لیا۔

جہاں تک بات ہے کہ کون سا نظام بہتر ہے مشترکہ خاندان یا علیحدہ رہنے والا خاندان۔ ہر چیز کی طرح ان دونوں کے بھی اچھے اور بُرے دو پہلو ہیں۔ مشترکہ خاندانی نظام اس لحاظ سے اچھا ہے کہ اس میں کسی ایک فرد پر ہر طرح کا بوجھ نہیں پڑتا۔ کاموں کا بٹوارہ ہو جاتا ہے اور مالی مسائل بھی کم ہوتے ہیں۔ بچوں کا بزرگوں کی صحبت ملتی ہے جس کی بدولت وہ ان کے تجربات سے استفادہ حاصل کرتے ہیں اور بزرگوں کو بھی اپنے بچوں اور پوتے پوتیوں سے دوری برداشت نہیں کرنی پڑتی۔ ان کی دیکھ بھال بھی بہتر طور پر ہو جاتی ہے۔ دکھ سکھ میں تمام لوگ آپ کا ساتھ دیتے ہیں اور آپ کو اکیلے تمام مسائل کا سامنا نہیں کرنا پڑتا۔ جو بچے مشترکہ خاندان میں پل کر جوان ہوتے ہیں ان کی طبیعت میں ٹھہراؤ، صبر، برداشت اور ہر قسم کی صورتحال کا سامنا کرنے کی صلاحیت زیادہ ہوتی ہے۔ خاص طور پر لڑکیاں۔ آگے چل کر جب ان کی شادی ہوتی ہے تو انھیں سسرال میں رہنے والے مختلف مزاج کے لوگوں کے ساتھ گزارا کرنے میں اتنی مشکل نہیں پیش آتی جتنی علیحدہ رہ کر جوان ہونے والی بچیوں کو ہوتی ہے۔ مشترکہ خاندان کا نقصان یہ ہے کہ آپ کی ذاتی زندگی محدود ہو جاتی ہے۔ آپ کا ہر معاملہ سب کا معاملہ ہوتا ہے۔ بعض دفعہ کچھ لوگوں کی بے جا مداخلت سے اختلافات اور دوریاں بڑھ جاتی ہیں۔

اسی طرح علیحدہ رہنے سے آپ کو خاندان کے ہر فرد کی اچھی اور بُری بات کا اندازہ نہیں پاتا اس طرح بعض باتیں چھپی رہتی ہیں جس میں کبھی کبھی بہتری بھی شامل ہوتی ہے۔ آپ اپنے بچوں کی تربیت اپنی مرضی سے کر سکتے

ہیں۔ اس کے کچھ نقصانات بھی ہیں ہمیں اور ہمارے بچوں کو لوگوں کے ساتھ کس طرح پیش آنا ہے، مل جل کر کیسے رہنا ہے اپنی چیزیں دوسروں کے ساتھ کیسے بانٹنا ہے یہ سب علیحدہ رہتے ہوئے مشکل سے سمجھ میں آتا ہے۔ مختصراً، نظام کوئی بھی ہو جب تک ہمارے اندر صبر، میانہ روی، دوسروں کی باتیں برداشت کرنے صلاحیت، اچھے اور برے کا فرق کرنے کی سمجھ نہیں ہوگی تو ہم چاہے جس بھی نظام میں رہیں کبھی خوش اور مطمئن نہیں رہ سکتے اور نہ ہی لوگ ہم سے خوش رہیں گے۔ اس لئے کوشش کرنی چاہیے کہ چاہے جس نظام میں رہیں اپنے دلوں کو خاندان کے افراد کی طرف سے صاف رکھیں۔ اچھی باتوں کو ہمیشہ یاد رکھیں اور بری باتوں کو جلد از جلد بھول جائیں۔ خود بھی خوش رہیں اور دوسروں کو بھی خوش رکھنے کی کوشش کریں۔

کھیل کھیلنا ایک صحت مند سرگرمی

کہتے ہیں ایک صحت مند جسم میں ایک صحت مند دماغ پرورش پاتا ہے اور صحت مند جسم اس صورت میں ممکن ہے جب یہ حرکت میں رہے۔ کھیل خواہ اندور ہوں یا آؤٹ ڈور وہ ہر طرح سے انسانی نشوونما پر اثر ڈالتے ہیں۔ ان ڈور کھیلوں میں شطرنج، لوڈو، کیرم، اسکواش، اسنوکر، ٹیبل ٹینس، اسکرئیل اور ڈارٹ وغیرہ شامل ہیں ان کھیلوں سے دماغی صلاحیتوں میں اضافہ ہوتا ہے۔ آؤٹ ڈور کھیلوں میں کرکٹ، فٹ بال، باسکٹ بال، والی بال، مختلف قسم کی دوڑیں، ٹینس اور بیڈمنٹن وغیرہ سر فہرست ہیں۔ جو ہمارے جسم کو چست، لچکدار اور پھر تیلنا بناتے ہیں۔ ہم میں سے بہت سے لوگ کھیلوں کی اہمیت اور انکے بے شمار فوائد سے انجان ہیں، تاہم کھیل انسان کی شخصیت کو سنوارنے میں بے حد اہم کردار ادا کرتے ہیں۔ کھیل کود سے انسان میں فرما برداری، تحمل مزاجی، صبر، انتظام اور قوت برداشت بڑھتی ہے۔ انسان اتفاق رائے سے کام کرنا اور ہر قسم کے حالات کا مقابلہ کرنا سیکھ جاتا ہے۔ اس میں دشمن کا ڈٹ کر مقابلہ کر کے اسے شکست دینے کے جذبات بھی پیدا ہوتے ہیں۔ کھیل کے دوران نئی معلومات اور ہدایات واضح ہوتی رہتی ہیں جن پر فوری فیصلہ کر کے عمل کرنا ہوتا ہے اس سے بچوں میں عملی زندگی میں درست فیصلہ لینے کی صلاحیت پیدا ہوتی ہے۔ بہت سے کھیل تاریخ، ثقافت، مذہبی تہوار اور نامور شخصیات کے متعلق معلومات دینے کا ذریعہ بنتے ہیں۔ اس طرح بچوں کی بہترین تربیت اور ذہنی نشوونما ہوتی ہے۔ ذہنی آزمائشوں پر مبنی سائنسی اور ریاضی کے کھیل جنہیں 'برین گیمز' کہا جاتا ہے وہ نہ صرف بچوں کی تعلیمی کارکردگی کو بہتر بناتے ہیں بلکہ یادداشت بھی تیز کرنے میں مددگار ثابت ہوتے ہیں۔ بہت سے ایسے کھیل ہیں جو مختلف منفی سوچوں اور الجھنوں پر قابو پانے میں مددگار ہوتے ہیں۔ کھیلوں کے ذریعہ بچوں کو مختلف قسم کے چیلنجوں سے نمٹنا آتا ہے اور ساتھ ہی مقررہ وقت میں کام پورا کرنے سے وقت کی قدر کا اندازہ ہوتا ہے۔

RECITATION CONTEST

The pleasant weather of July 26, 2018 heightened the agonizing effect of poetry presented with all expressions, diction and group.

A good number of lovely poems ranging from pure innocence to inspiration were presented. Among the highlights was 'What Do You Want to Be'. The young kids in professional garbs spread the aura of words and aspirations. Next, the poem 'Sick very' amusingly depicted the school days blues and the response was amusing smiles. The rhythmic lines of 'The Jungle' transported the audience to the wild life and the innocence in wilderness. Last but not the least, the poem 'Don't You Quit' enthused one and all with perseverance and determination before difficult times and failures. In all, it had a mesmerizing effect prevailing all over. The class wise winners of the contest were Class I-C, followed by A and B sections, while Class II-A followed by B and C sections. Headmistress Kainat Mansoor applauded the students and teachers for the awesome show.

INTER-HOUSE QUIZ COMPETITION

Unity College organized an Inter-House Quiz Competition on July 22, 2018 to bring out the best in its students, while ensuring that the children learn through all possible ways, not just through books and classroom teaching. The quiz was conducted in two categories - Junior and Senior for the students of Classes VI to IX and X to XII respectively. All the four Houses

Japanese Scientist Masaru Emoto, who discovered the effect of our thoughts and vibrations on the molecular structure of water, said that the most beautiful crystals are those formed after the water is exposed to the words of 'love and gratitude'. The fact that the human body contains 70% water, our positive thoughts will have profound implications on our health and the wellbeing of the planet. Thus, Masaru exposed the hidden message of water- the most important element in every existence. In conclusion, Principal Francis Castello proposed the vote of thanks and said Allama Iqbal's presence was a great blessing. His alluring words touched our hearts and minds to save humanity.

On the eagerly awaited pleasant day of September 30, 2019, Allama Zaki Baqri, a renowned scholar from Canada visited Unity College to bless and guide the students and staff. He was warmly welcomed by Dr. Kalbe Sibtain Noori, Manager, Unity College 2nd Shift with the coveted title 'Hujjatul Islam'.
